

REPORT MEXICANS FAIL TO CO-OPERATE

EL PASO ADVICES STATE FORCES WITHDRAWING

CASAS GRANDES GARRISON IS NOW IN AND ABOUT JUAREZ

One Detachment of Carranza Troops is Said to Have Refused to Fight Villa—Serious and Growing Uneasiness is Felt in El Paso—Gen. Bell and Mayor Lea of El Paso Are Taking Every Necessary Precaution.

EL PASO, Texas, March 20.—The forces of Colonel Cano were engaged in battle at 4:30 o'clock this afternoon with bandits led by Villa in Namiqipa, according to a despatch received this afternoon by General Gaviira, Carranza commandant at Juarez. The result of the fighting was not decided at the time of the despatch. Namiqipa is in the district of Guerrero, state of Chihuahua.

Colonel Cano is in command of a force of 30 cavalry which came in contact two days ago at El Valle with Villistas who on this occasion fled without giving battle.

Report Mexicans Withdrawing.
In spite of the report that the Carranza forces had engaged Villa's men at Namiqipa there is a feeling here that the Carranza forces have failed to hold their end of the net closing about the bandit chief. There were confirmatory reports received today of the news received last week that Mexican troops were not only failing to co-operate with the American troops but in certain instances, at least, were actually withdrawing from the field of operations.

The Associated Press learned on unquestionable authority that the troops of the defacto government which had been stationed at Casas Grandes have been withdrawn and are now in and about Juarez. From the same source it was learned that at least one detachment of Carranza troops had refused to fight Villa and had withdrawn on bandits' approach, leaving him free to pass. This detachment withdrew on receipt of a message that he was warring not on Mexicans but on the enemies of Mexicans.

The extraordinary rapidity with which the American cavalry had pushed into Mexico gave rise to high hopes yesterday that the unexpected had happened and the notorious bandit was cornered. This seemed inevitable if the Carranza soldiers did their part and if the account of the strength of their field forces was correct. Villa cut off from the north by the forward sweep of the American columns, from the west by the Sierra Madre barring the approaches to the state of Sonora, was supposed to be equally barred from east and south by powerful Carranza forces.

Villa Seems to be Moving Freely.

It now seems certain that Villa has been moving freely in at least a large section of the country supposed to be held by the troops of the first chief. In the last few days he has been variously reported by General Gaviira, the Carranza commander at Juarez, at points along a line reaching north and south from Galeana to Namiqipa, a distance of about seventy-five miles. By the same accounts he has not been moving steadily south but roving north and east. The mountainous, canyon split, roadless country in which he is operating adds many miles to the country he has covered as compared with its distance on the map. The reason for the Carranza troops moving to the border remains unexplained. It is impossible even to make a fair estimate of the number of men under General Gaviira at Juarez. The most conservative estimate places it at 3,000 and calculations range from that point upward to 8,000. Every precaution has been taken to prevent the facts from being known.

Growing Uneasiness in El Paso.
There is no question that there is serious and growing uneasiness in El Paso, which has been sharply accentuated by the problem which has arisen over the request of the United States government of General Carranza for the use of the Mexican railroads to transport supplies. Americans here do not believe that Carranza dare grant this request, especially as it is understood that General Funston proposes if it is granted to take train crews and equipment into Mexico and place military guards at the stations. The presence of Americans on Mexican railroads,

it is said, is very likely to be misunderstood by the poens and it is feared would provoke outbreaks.

On the other hand there are many indications here that the Mexican railroads are sorely needed by the American military authorities to ship supplies to the troops in the field.

At the present time the supplies must go forward over a desert and mountain trail by wagons and mules. Ominous reports are received here that the transportation system is already overtaxed and it is this feature of the situation that causes the deepest anxiety and the most apprehension.

Take Every Precaution.
This anxiety has not been lessened by the news that Carranza has deferred the issue by a request for more information from the Washington government. At the same time Andres Garcia, Carranza consul here and known to be intimate with the first chief, maintains that there is no danger of friction over the question of the shipment of American army supplies over the Mexican railroads. So long as it was merely a question of supplies, Mr. Garcia said today it was a matter of small consequence. He added, however, that passage of American soldiers on Mexican trains would come under a different category. Whatever may be the outcome of the situation the military and civil authorities are taking no chances of being caught unprepared. Both General Bell and Mayor Tom Lea take every necessary precaution while asserting with all the emphasis in their power that they can see no reason for alarm.

May Force Villa Into Fight.
San Antonio, Texas, Mar. 20.—Francisco Villa may be forced into the fight with American troops within the next thirty-six hours, it reports coming to General Funston's headquarters both from General Pershing and from Mexican sources are correct.

General Pershing reported today that Villa had been reported defeated by Mexican government troops near Cruces and that he was marching northward in the retreat.

General Pershing's report was followed, however, by the unofficial report that Villa was still fighting at Namiqipa, south of Cruces. If the Carranza force wins in the fighting that was said to be continuing late today, Villa will have to move northward along a road over which a detachment of American troops is riding southward or leave the road and head for the Santa Maria mountains that parallel the road to the east or to the Oriental range on the west side. Retreat, according to the report is impracticable because of the presence in the rear of Mexican troops who forced him to turn northward from Cruces.

Detachment Headed South.
The detachment that is headed south on the road along which Villa was reported as advancing, is one of three sub divisions operating south of Casas Grandes. One column is seventy miles south of Casas Grandes, and somewhat to the west. The other two detachments moved as one to Galeana south and east of Casas Grandes, and there separated, one continuing in a more easterly direction towards Carmen, 65 miles from Casas Grandes and the other south toward Cruces, 50 miles from Casas Grandes which now has become the advanced base of the expeditionary forces.

Just where General Pershing is, was not announced, but he is directing the work of the three detachments and by means of scouts is attempting to keep communication.

It was known at headquarters, however, that divergent directions will make this difficult, also the mountainous character of the country will form elevations that will make more feasible communication by signalling. From all points to which the three detachments are moving Villa has been reported in the vicinity.

The force moving towards Cruces was only a short distance north of Valle, 28 miles north of Cruces, this afternoon. The steady and rapid advance of a part of General Pershing's force into Mexico has increased the desire of those at army headquarters here to be permitted to use the Northwestern railway for moving supplies.

Funston Shows Concern.
Cruces a point that probably will be reached by one of the cavalry detachments, is about 200 miles from the border and Lake Babicora a like distance. It was pointed out that any delay in getting supplies thru from the border to Casas Grandes from where it can be sent forward to the mobile units operating south of there might interfere seriously with General Pershing's plan of pursuit. General Funston evinced no impatience but he did show concern and expressed the hope that Carranza would not misunderstand the motive for his request. Even if the request is granted it will be some days before the road can be used because at two points at least repairs will have to be made. American rolling stock will have to be sent across the line on account of its lack on the other side and American crews and despatchers will be used.

"The reasons for their use should be obvious," said an army officer tonight. General Funston has made it plain to the war department that his only desire to use the road is for transportation of supplies, but he has not concealed the fact that a guard would be placed on every train and that it might become necessary to station guards at different points along the rest of the way.

General Pershing has advised General Funston that he has found quantities of alfalfa for his animals, also that he has experienced difficulty in getting fresh beef. The question of occupying cities and towns in Mexico is not worrying those at headquarters.

"Our troops will be too busy to camp in any place long, nor would we consider it wise on account of sanitary conditions, to do so," said one of the headquarters officials.

Cavalry Leaves Columbus.
Columbus, N. M., March 20.—A large body of American cavalry left here today. The troops which were brought here from Texas border points were preceded by a motor train carrying supplies. Whether the detachment will serve as a separate command in the effort to capture Francisco Villa or whether it is to join the punitive expedition force now in the field under General Pershing somewhere in Northern Chihuahua was not indicated by the military authorities here. Accompanying the troops were a number of American civilian scouts said to know the mountain trails of Chihuahua in which Villa is reported to be fleeing as the city men knows his front yard.

Military men frankly admit that upon their knowledge of the district to which Villa is reported fleeing rest much of the hope of the capture of the bandit.

That more Villistas than the seventy-nine already accounted for were killed in the running engagement following the raid on Columbus was indicated in the discovery of three additional bodies reported here today.

Proposes Drafting Protocol.
Washington, March 20.—The de facto government in Mexico today proposed to the United States the drafting of a protocol, under which American and Mexican troops may co-operate in running to earth Francisco Villa and his bandits, without danger of misunderstanding or conflict.

The terms if such a formal convention would be designed to meet all questions which may arise in the future, setting forth the rights of the American expeditionary forces now in pursuit of the bandit chieftain and the nature of the co-operation expected from the troops of the Carranza government. These facts became known today at the conclusion of a conference between Elio Arellondo, Mexican ambassador-designate, and acting Secretary Polk of the state department. Negotiations on the details will be in progress several days, but the two governments were in agreement on the general principles involved. Meanwhile, however, the troops of the de facto government actually are co-operating with the American forces and according to information received by the war department are planning to render even greater assistance. High military officials allowed it to become known that the Carranza government had promised to move a large force of its troops from Central Mexico to the north, forming a trap into which the American cavalry under General Pershing may chase Villa and his followers.

Receive Disturbing Reports.
During the day disturbing reports came to the war department.

(Continued on Page Four.)

TELEGRAPHIC BRIEFS

DES MOINES, Ia. — Two hundred and fifty horses leave Des Moines every week enroute for European battlefields, according to a statement by S. S. Lord, horse buyer for the French government.

DUBUQUE, Ia.—Investigation has been started by the coroner into the death of Attorney Thomas J. Fitzpatrick, who, with his bride of two months was killed in an automobile accident near here Sunday.

HUMBOLDT, Ia.—T. W. Bogers, one of the leading business men in this section of Iowa was instantly killed when the automobile in which he was riding was struck by a Minneapolis and St. Louis passenger train on a grade crossing near here.

DAVENPORT, Ia.—Henry Lantau, retired farmer aged 70 years, committed suicide by hanging himself to a rafter in the barn at his home. No reasons are known for his act.

CHICAGO.—Net revenues of eastern railroads of the United States virtually have doubled within twelve months, according to figures made public by the interstate commerce commission. Southern railroads increased their net revenue more than 50 per cent within this period, while the western roads added about 16 per cent.

HOBOKEN, N. J.—Compulsory military training in public schools here was decided upon at a meeting of the board of education. Boys will be uniformed, equipped with rifles and drilled every school day while girls will be given instruction in first aid to the injured, calisthenics and physical training.

WASHINGTON.—The European war has taken from the seas more than 2,000 merchant vessels of nearly 4,000,000 tonnage, according to figures published today by the department of commerce. Germany with six hundred vessels, captured or detained, heads the list of losers.

WASHINGTON.—The first week's recruiting under the recent resolution authorizing the enlistment of 25,000 men to bring the regular army up to its full fighting strength has added more than 500 to the ranks.

LOS ANGELES, Cal.—Stephen W. Dorsey, former United States senator of Arkansas, is dead at his home here after an illness of about a year. He was 74 years old. Death was due to a complication of diseases.

SHANGHAI.—The situation resulting from the revolution in the provinces of Yunnan and Kwangsi is considered most serious. Rumors are circulating that the provinces of Yunnan and Kwangsi will shortly join the rebels while doubts are expressed as to the loyalty of Lung Chi Kwang, governor of Kwang-Tung, owing to the disappearance of his son who was held as a hostage in Peking.

WASHINGTON.—An official report explaining that difficulty of loading in darkness was responsible for the failure of two of the four weapons of the Thirteenth Cavalry's machine gun troop in the fight with Villa and his bandits at Columbus has been received at the war department.

PREVENTS CARRYING OUT THE PROVISIONS OF NEW STATE LAW

ROCKFORD, Ill., Mar. 20.—A permanent injunction was issued today by Judge A. H. Frost, in the circuit court of Winnebago county restraining Abbie J. Craig, Winnebago county superintendent of schools from carrying out the provisions of the new state law providing for the payment of tuition fees of out of town high school pupils from the state school funds.

Litigation on this question is pending in several Illinois counties. The decision is said to be the first in any circuit court in the state and the case is expected to be appealed to the supreme court. Under the new tuition law the payment of fees for pupils attending high school in districts other than their home district was from state school funds allotted the several counties. Under the old law the home district of the pupil paid the tuition.

FORGETS CLEARANCE PAPERS
Gulfport, Miss., March 20.—The Russian bark Regina, which left Gulfport ten days ago lumber laden for Barcelona, Spain, returned and anchored off Ship Island today. Captain Erickson came ashore and said he had entirely forgotten to obtain his clearance and registry papers before sailing. The bark had gone 300 miles before this was discovered.

SIGNS BOXING BILL
Trenton, N. J., Mar. 20.—Governor Fielder tonight signed the bill to legalize four round amateur boxing bouts, the boxers to wear gloves of eight ounces.

UNABLE TO AGREE ON CANDIDATE

Committee on Arrangements for G.O.P. Convention Defers Action

SEVERAL ARE SUGGESTED

Indications Are That Choice May Be Between Harding, Butler and Knox

NONE ARE SEEKING PLACE

CHICAGO, Mar. 20.—After devoting several hours discussing the qualifications of numerous candidates for temporary chairman of the Republican national convention to be held in Chicago June 7th, the sub-committee on arrangements of the national committee today were unable to reach a decision and deferred action until tomorrow. If the members are unable to agree at tomorrow's session the subject will go over until the next meeting April 20th. Among the names suggested for temporary chairmen, were: Senator Warren G. Harding of Ohio, President Nicholas Murray Butler of Columbia University, New York; Philander C. Knox of Pennsylvania; Senator W. E. Borah of Idaho; Governor Samuel A. McCall of Massachusetts; Senator Henry C. Lodge of Massachusetts; Former Governor Chase S. Osborn of Michigan; Senator George Sutherland of Utah and W. J. Calhoun of Illinois.

Senator Harding of Ohio, it was said, was regarded with more favor than the others in the preliminary discussion, the argument being used that he would be acceptable to both the stalwart and the Progressive factions of the party. The same argument was used in support of P. C. Knox. At the close of the discussion the indications were that the choice might be between Harding Butler and Knox.

Chairman Hillis of the committee declined to discuss numerous men mentioned. "None of the men named are candidates for the place in the sense that they are seeking it," said Mr. Hillis. "Several of the men under consideration are not aware that their names are being discussed so far as I know. We will take the subject up tomorrow and I hope we make a choice. If we are unable to come to an agreement however, the subject will go over until our next meeting which will be in April."

Altho Chairman Hillis declined to discuss presidential candidates further than to reiterate that in his opinion Justice Hughes of the United States supreme court would not be a candidate other members of the committee did not hesitate to talk on the subject. Ralph E. Williams of Washington declared that Republican sentiment in the northwest was largely in favor of Hughes. He said he would not believe Hughes is out of the race until he issues a statement to the effect that he will not accept the nomination if it is offered him. Other members reported the Hughes' sentiment in their states to be growing but they declined to say whether they believed he would actually be a candidate before the convention. Franklin Murphy of New Jersey said he favored Elihu Root, all the members who talked on the subject expressed the opinion that Theodore Roosevelt would not be serious considered in the convention.

Contracts for tickets and badges were awarded and it was decided that the committee would open its headquarters in Chicago at the Coliseum May 7th.

Chairman Hillis issues a statement calling attention to the confusion which has developed this year in the selection of delegates to the national convention because of the conflicting provisions of the direct primary laws in the different states and urging that a uniform presidential primary law be adopted by all the states.

Those present at today's meeting were: Chairman Charles D. Hillis of New York; James B. Reynolds, secretary, Washington, D. C.; George W. Sheldon, New York, treasurer; Ralph E. Williams, Washington; F. W. Estabrook, New Hampshire; Franklin Murphy, New Jersey; James Goodrich, Indiana; Alva Martin, Virginia; J. T. Adams, Iowa; C. B. Warren, Michigan.

HEADQUARTERS AT QUERETARO
Queretaro, Mex., Mar. 20.—General Venustiano Carranza, first chief of the Mexican de facto government did not leave here today for Mexico City as had been contemplated.

OUTLINES DEFENSE IN LORIMER TRIAL

ATTORNEY FINK ASSERTS DEFENDANT WILL TAKE STAND

Declares Case Comes Down to the Fact That Lorimer Was a United States Senator—Takes Exception to Virtually Every Contention Advanced by the State.

Chicago, March 20.—Outlining his defense of William Lorimer in his opening statement in the trial of the former president of the LaSalle Street Trust and Savings bank, accused of conspiracy and embezzlement in connection with the failure of the bank Attorney Albert Fink today took exception to virtually every contention advanced by counsel for the state. Counsel for the defendant said he would prove that many acts held by the state were unknown, that the failure of the bank was precipitated by reversals.

"The case comes right down to the fact that Mr. Lorimer was a United States senator," said Mr. Fink. "If he had been president they would make him out a burglar. That sort of thing makes an impression on a jury and there is only one way to combat it and I am going to take that way. Mr. Lorimer is going to take the witness stand and when he is thru his whole life, his heart secrets from the time he was a newspaper and bootlegger until he was elected to and ousted from the United States senate will be bared."

Much of the opening statement of the defense was devoted to a review of the opening statement of the prosecution which Mr. Fink said demonstrated that every charge would have to be proved by inference and conjecture.

Of personal loans made to Mr. Lorimer to which the state objected, Mr. Fink said the loan of \$100,000 in question negotiated thru a St. Louis bank was not an obligation of the LaSalle Street Trust and Savings bank.

When the LaSalle Street Trust and Savings bank was examined by the state bank examiner who objected to the LaSalle Street bank being responsible for the St. Louis loan, C. B. Munday, vice president of the LaSalle Street bank, wrote to the St. Louis bank and received the reply that the St. Louis bank had never considered the LaSalle Street bank responsible for Mr. Lorimer's personal loans. After reading from the indictments paragraphs covering the conspiracy charges Mr. Fink said to the jury:

"I want you to watch the evidence very closely and see if it is shown that Mr. Lorimer ever agreed to defraud anyone."

"The newspapers of Chicago," said Mr. Fink, "have been after Mr. Lorimer as a corrupt political boss. I want the fact that Mr. Lorimer is to testify spread broadcast so if there is a single person in the country who knows one single act of crookedness on the part of the defendant I want him to come forward and give his information to the state's attorney. But if there is nothing proved by the state as to a single act of crookedness on the part of the defendant, I don't want to hear anything about corrupt politics and Lorimerism in the closing arguments."

JUDGE DONNELLY IS CHOSEN TO PRESIDE AT TRIAL OF ORPET

Waukegan, Ill., Mar. 20.—Judge Charles H. Donnelly of Woodstock was today chosen to preside at the trial of Will H. Orpet, the University of Wisconsin student charged with the killing of Marion Frances Lambert, after a change of venue had been granted from the court of Judge C. C. Edwards.

Possibility that the trial might be transferred to Woodstock was discussed when the announcement was made. Counsel for Orpet agreed with the state's attorney in the selection of Judge Donnelly.

DEBATE ON BILL FOR ARMOR PLATE FACTORY NEARS CLOSE IN SENATE

WASHINGTON, Mar. 20.—Debate in the senate on the Tillman bill for a \$11,000,000 government armor plate factory neared a close tonight with Republicans assailing the project as a menace to the nation's safety and the Democrats defending it as a precautionary step.

The discussion will continue tomorrow under an agreement to begin voting on amendments at four o'clock in the afternoon. The Democratic leaders are confident the bill will pass by a large majority substantially as reported by the naval committee.

HEAVY FIGHTING IN EAST AND WEST

Losses Are Large—Changes in Position Relatively Unimportant

FRENCH DOWN ATTACK

Berlin Reports Repulse With Heavy Losses of French Attack on Village of Vaux

ITALIANS RE-TAKE TRENCHES

Heavy battles have been in progress northwest and northeast of Verdun, and on the northern part of the Russian front where the Russians are keeping up their strong offensive against the Germans. In all these zones the losses have been large while the changes in position have been relatively unimportant.

Northwest of Verdun, in the sector or Avocourt Malancourt the Germans after a terrific bombardment made a vicious infantry attack in which liquid fire was employed, against the French front. A fresh German division brought up from a remote point participated in the operation.

The French however, with their curtain fire, aided by machine guns and infantry put down the attack with heavy casualties to the assaulting forces, except, in the eastern part of the Malancourt wood, some miles from Verdun where the Germans made a slight progress.

Berlin reports the repulse, also with heavy losses, of the French who attacked the village of Vaux, northeast of Verdun. Elsewhere around the fortress there have only intermittent bombardments and the continuation of fights in the air between French and German aviators.

Altho Berlin claims that the Germans again have repulsed the Russians in repeated attacks with strong forces around Postavy and wiaty, Petrograd reports a German check south of Lake Drezglaty and the capture of German trenches in the Lake Narocz region. Several villages in this district also have been taken by the Russians.

In Galicia the Russians have captured Austrian trenches and a bridgehead east of the village of Mikhalche. The results has been considerable fighting between Austrians and Russians along the Dniester and Bessarabian fronts.

In the Isonzo line the Italians have recaptured from the Austrian trenches on Santa Maria heights. Later, after having stopped Austrian counter attacks the Italians retired to another position from a portion of their advanced line in order to avoid to being inflected by fresh Austrian batteries.

Artillery engagements have been in progress on the remainder of the Austro-Italian front.

The Russians continue their assault on the Turks in the Caucasus.

MUST COMPLETE INTERLOCKING PLANT

Springfield, Ill., Mar. 20.—The State Public Utilities Commission issued an order today compelling the Peoria, Bloomington & Champaign Traction company to complete the installation of an interlocking plant at the grade crossing of the tracks of the Lake Erie and Western railroad company in East Peoria. The plant must be working by December 31, 1916. The Lake Erie and Western made the complaint which resulted in the commission's order.

REDDEN TO COACH AT KNOX

Galesburg, Ill., Mar. 20.—Curtis G. Redden, University of Michigan athlete was engaged today as football coach for Knox college. Leo Carter DeTray, University of Chicago track and football star, will coach the track team.

DUNNE ASSURES WILSON ILLINOIS NATIONAL GUARD IS PREPARED

WASHINGTON, Mar. 20.—Governor Dunne of Illinois called at the white house today and left assurances for the president that if state militia organizations are required to assist the regular army on the Mexican border the Illinois National Guard is fully prepared to take the field and meet the requirement of the national government.

Governor Dunne came to Washington to urge Secretary Baker to grant a permit for work on the new deep waterway project in Illinois for which the state legislature has appropriated \$5,000,000. The permit has been refused once.

The governor also called on Postmaster General Burleson to inquire about the appointment of a postmaster at Chicago, and to urge prompt action. He gained the impression that either Frank Paschen or C. C. Breyer would be appointed.

ANDREW RUSSEL.

In a Delaware county they have just elected to office a man who is smashing precedents in the keeping of pre-election pledges. The position he holds as member of the county commission carries with it a salary of \$300, and in accordance with his promise the official has paid over his salary for one year to the county treasurer, with the understanding that this sum is to be spent for good roads. This official's action carries a two-fold object lesson, impressing the value both of promise keeping and of contributing toward the betterment of the highways.

Patriotism is all well enough, but occasionally one hears of an instance where there is a lot of grandstand playing in the guise of patriotism. Out in Des Moines a juvenile judge has ruled that an eleven year old boy who refused to salute the U. S. flag at a school exercise must go to the state reformatory unless he gives the salute. The judge's action has given a lot of publicity to an incident which was no doubt merely a boyish prank in the beginning, and to inflict the proposed sentence will do harm to the boy and add nothing to the patriotic feeling in the school that he attends.

Altho prominent Jews have resented the statements by Jacob Schiff, who is opposed to the Jewish congress called for Philadelphia next Sunday, the great financier has sounded a basic, patriotic truth. Mr. Schiff declares that a Jewish congress just now would be un-American, that Jewish unity would be lost and the vital problems of the race here and elsewhere would not be solved by such a meeting.

"There is no room in the United States for any other Congress except the United States Congress," he says. "The proposed Jewish conference is backed by the Zionists, who would like to segregate the Jews of America into a separate class. This would arouse the suspicion of the American people."

To Oil or Not to OIL.

Somehow or other, people here seem to have the unhappy faculty of wishing for different things at the same time. Now the question is to oil or not to oil. Part of the business men around the square want oil used on the streets, as they found

POPULATION

Prune Center is a hustling town. For liveliness it has renown. The leading boosters stand and crow, "Just watch our population grow!"

All new arrivals have their charms; they're welcomed there with open arms. All sorts of cheap and worthless lads, the dead-beats from the other grade, the loafers who, for vagrant ways, have drawn ten dollars or ten days, who'll work the town for brass and coal—just so they swell the census roll, they're welcomed there with open arms.

All sorts of cheap and worthless lads, the dead-beats from the other grade, the loafers who, for vagrant ways, have drawn ten dollars or ten days, who'll work the town for brass and coal—just so they swell the census roll, they're welcomed there with open arms.

War and The Tariff.

That the customs revenues have fallen off 32 1/2 per cent since the passage of the Underwood bill was shown by Representative Slemm, as set forth in the figures of the Democratic Treasury officials. During the fiscal year 1915, a full year year, the value of imports fell off only 1 1/2 per cent, as compared with 1912, but the customs revenues fell off 39 per cent. Analyzing the Democratic free list, Mr. Slemm showed that it alone had occasioned the Government a loss during 1915 of \$69,290,000; that the loss of duties where the rates were lowered amounted to \$36,000,000, a total of \$105,290,000. This is, had the duties imposed by the Payne bill been collected on the actual imports of the year 1915, the customs revenues would have been increased by \$105,290,000. Taking the month of January, 1916, Mr. Slemm showed that the imports were the largest of any January in the history of the country, amounting to \$184,192,000, but the duties collected amounted to only \$15,444,000; whereas, in January, 1913, the imports amounted to only \$129,000,000 and yet the duties collected thereon amounted to \$29,000,000. Had the Payne bill been in force, the customs receipts for January would have amounted to \$31,210,000, or practically double those collected under the Underwood bill. Mr. Slemm showed further that at the least calculation the Underwood bill is costing the Government a loss of \$14,000,000 a month; that multiplied by 12 this would give a loss of \$168,000,000 a year, at the present wartime rate of importation; that this amount if collected would be sufficient to meet the President's preparedness program of \$98,000,000, and leave a balance of \$70,000,000, which would warrant the repeal of the

DATES IN ILLINOIS HISTORY.

March 21, 1747.—The governor of Louisiana protested against the refusal of the French ministry to establish a fort on the Wabash river.

it very satisfactory last year in keeping down the dust. Other merchants believe that water is better as the only pavements are something of a menace to smooth shod horses. The opinion of the city council is divided on the subject, and what should be a simple matter of threshing out and reaching an amicable agreement, threatens to become a serious bone of contention. Before this condition does come, the parties most interested should canvass the whole matter in a fair and impartial way, with a give and take spirit. It should not be difficult to establish the merits or demerits of either plan, and the opinion of the majority should prevail.

PAGE TWO

Figures on the freight car shortage show that the supply now is the lowest for the past nine years. There has been a reduction in the surplus since February 1 of about 12,000 cars. One reason for the condition is that tens of thousands are tied up in the eastern terminals loaded with supplies for the warring nations of Europe. The interstate commerce commission admits that the situation is serious and is working on a plan for relief. The situation has two serious aspects—one because of the need for cars for the movement of grain and the other because supply shipments are now moving rapidly for the Mexican border and these shipments may of necessity be very greatly increased within a short time.

Sidewalk Information.

The city council is seeking information about bad sidewalks in Jacksonville. It ought not to be a difficult task to get such information as it is common knowledge that a great many sidewalks here need replacing. The method the council proposes to follow is unique and is very likely to enlist the co-operation of citizens generally, as they recognize by such co-operation that better walks will be likely to come.

If you know of a block or a lot where a walk is needed you can have the matter given consideration if you will fill out a coupon which appears in another part of this issue, and then mail it to the city clerk. It is not necessary to sign the coupon and no unpleasant publicity will be given the information you file.

When the desires and opinions of citizens generally have been recorded about walks, the city officers will inspect the various properties designated, and if they find that the request for improvements are justified a new walk will be ordered. If you do not join in this information giving it will be your fault if all the sidewalks of Jacksonville are not in good condition the coming fall and winter.

Carranza Support Weakens.

The despatches indicate that the expected is happening in Mexico and in the pursuit of Villa the Carranza forces are not giving the promised support to the U. S. troops. This condition should probably not be charged up to Carranza on the ground of perfidy but rather to the vacillating character of the troops that he commands. The cry of Villa that he is not warring on Mexicans but on the enemies of Mexico will go far in quickly turning the sympathy of some of the weak and fanatical soldiers that make up the Carranza forces.

The American forces are going in to a wild rough portion of the country, a spot where guerilla warfare can flourish, and if because of the character of the country the American soldiers suffer heavy losses, if Carranza continues to show inability to control his forces, then certainly will come the very thing which many Americans have believed would speedily follow the order, "Pursue and crush Villa"—intervention.

If intervention does come, the U. S. will know but one course and that to assume full control of Mexican affairs with force of arms and maintain that control until order is brought out of the present chaos.

War and The Tariff.

That the customs revenues have fallen off 32 1/2 per cent since the passage of the Underwood bill was shown by Representative Slemm, as set forth in the figures of the Democratic Treasury officials. During the fiscal year 1915, a full year year, the value of imports fell off only 1 1/2 per cent, as compared with 1912, but the customs revenues fell off 39 per cent. Analyzing the Democratic free list, Mr. Slemm showed that it alone had occasioned the Government a loss during 1915 of \$69,290,000; that the loss of duties where the rates were lowered amounted to \$36,000,000, a total of \$105,290,000. This is, had the duties imposed by the Payne bill been collected on the actual imports of the year 1915, the customs revenues would have been increased by \$105,290,000. Taking the month of January, 1916, Mr. Slemm showed that the imports were the largest of any January in the history of the country, amounting to \$184,192,000, but the duties collected amounted to only \$15,444,000; whereas, in January, 1913, the imports amounted to only \$129,000,000 and yet the duties collected thereon amounted to \$29,000,000. Had the Payne bill been in force, the customs receipts for January would have amounted to \$31,210,000, or practically double those collected under the Underwood bill. Mr. Slemm showed further that at the least calculation the Underwood bill is costing the Government a loss of \$14,000,000 a month; that multiplied by 12 this would give a loss of \$168,000,000 a year, at the present wartime rate of importation; that this amount if collected would be sufficient to meet the President's preparedness program of \$98,000,000, and leave a balance of \$70,000,000, which would warrant the repeal of the

WILLIE GRAY GOES INTO BELL BUSINESS

Willie Gray, colored, well known in local police circles, was arrested Monday by Officer Perry White on the charge of stealing a bell from the residence of Stansfield Baldwin on the North Main road. Gray said he found the bell in a pile of rubbish. Evidently Justice Dyer doubted his story for when Gray appeared before him he fixed his bail at \$250, in default of which he was committed to jail.

PURCHASED SHORTHORNS.

Robert Hamilton of Arnold and Henry Stewart of Orleans visited the Ben Brown Stock Farm of Island Grove the past week and purchased some fine shorthorn cattle.

Democratic "war tax," imposed—not because there is war, but because the Underwood tariff bill is a failure.

FUNERAL OF WILLIAM WOOLLL
HELD MONDAY AT WINCHESTER

Services at St. Mark's Catholic Church in Charge of Rev. Father Bell—Winchester Personal Notes.

Winchester, Ill., Mar. 20.—Funeral services for William Woodall were held this forenoon at 9 o'clock at St. Mark's Catholic church, in charge of the pastor, Rev. Father C. S. Bell. Music was furnished by the choir of the church. There were present a large number of friends and relatives and the service was characterized by marked solemnity throughout. Burial was made in Winchester cemetery. The bearers were John H. Pieper, Eli Patrick, George W. Woodall, George Lashmet, Wilford Hamilton and J. W. Taylor.

Mrs. John H. Coates returned Saturday from Jacksonville, accompanying Mr. Coates, who had for some time been a patient at Dr. Day's hospital, where he had undergone two operations. Friends of Mr. Coates will be glad to know that his condition is favorable.

Mrs. Edward Roach and children and Mrs. Nellie Van Zandt, sister of Mrs. Roach, left today for Yuma, Colo., after an extended visit here.

Father Bell left Monday for a visit in Hannibal, Mo.

Mrs. John Coe and little daughter, Maxine, arrived this afternoon from Rochester, Ill., for a visit with Mrs. W. C. Cowper.

Attended Ross Funeral.

Mrs. William Neat and Mrs. Edward Balsley went Sunday afternoon to Alsey to attend the funeral of W. H. Ross. They returned on the night train.

Mrs. William Lilley has returned from White Hall, where for some time she has been a guest of her daughter, Mrs. Alonzo Ellis.

Mr. and Mrs. Fred Baker and daughter, Vivian, of White Hall, spent Sunday at the home of P. D. Smith.

Miss Eloise Taylor of Bluffs is a guest of Mr. and Mrs. Henry Vannier. Vivian Vannier went Sunday to Bluffs to meet Miss Taylor.

A new floor is being laid in the ladies' waiting room and office of the C. B. & Q. depot.

Appointed to West Point.

Wayne Hill went this afternoon to St. Louis to take examination for entrance to West Point Military academy. He was accompanied by his father, T. C. Hill. The appointment was made by Congressman Henry T. Rainey.

Miss Bessie Coultas left Sunday for St. Louis, accompanied by Dr. H. H. Fletcher. Today she underwent an operation for appendicitis.

MORGAN COUNTY POULTRY ASS'N
J. C. Weber, Sec.

NAPLES.

The river is still gradually falling. Both the pumps, one northwest of town and one south are now working on half time, having most all surface water pumped out.

Most of the wild ducks are now gone. Fish are scarce; may be better when it warms up.

Some corn and wheat are coming to the elevators.

The general health here now is good.

Merton Abbott went to Springfield to look over the fine auto display.

Henry Oakes, T. C. Placke and John M. Pine went to Jacksonville on business Saturday morning.

Mrs. John M. Ritter, Mrs. W. E. Hatfield, Mrs. W. G. Pine and Mrs. Geo. W. Abrams spent Friday in Bluffs with Mrs. James Hamilton and Mrs. John Pine, and report a very enjoyable day.

Mrs. John Lawson of Pekin, Ill., is spending several days visiting her two daughters, Mrs. Paul Smith and Mrs. James Chambers and children.

Dr. Sawyer of Jacksonville came down Saturday evening to visit with his friend, Gene Simpson a few days.

W. G. Pine went to Jacksonville Saturday morning and secured a substantial farm loan at lowest rate of interest for a very reliable and worthy man.

Some of our farmers are plowing. Preparing to sow oats.

Some of the growing wheat where water, ice and snow were deepest now looks the best.

Milton B. Edmonson and wife of Mt. Sterling attended the funeral Saturday of our esteemed friend, Chas. Condit at Winchester; another good man is gone. Mr. Condit was the last of the firm of Neat, Condit & Grout, bankers at Winchester. Mr. Neat and Mr. Grout, in order named, recently dying first; all men of the very highest character. James Wilson will continue the banking business. He is amply able and qualified and has the confidence of all who know him.

WILLIE GRAY GOES INTO BELL BUSINESS

Willie Gray, colored, well known in local police circles, was arrested Monday by Officer Perry White on the charge of stealing a bell from the residence of Stansfield Baldwin on the North Main road. Gray said he found the bell in a pile of rubbish. Evidently Justice Dyer doubted his story for when Gray appeared before him he fixed his bail at \$250, in default of which he was committed to jail.

Why Batteries Don't Last Forever

After repeated inquiries as to what the life of a storage battery should be, the subject has been covered in brief by the Willard Storage Battery Company of Cleveland. They contend first of all that its life depends upon its construction, its care and the service it receives.

"Take all together, a storage battery well-cared for costs less to maintain than any other accessory as vital. If kept charged at proper rate and filled with pure water, the life of a first-class battery averages from 1 1/2 years up.

"At the same time, a battery, however well made and well cared for, will wear out and must be renewed. It is an electro-chemical apparatus constantly changing its condition to supply current for lamps and starter. The better the materials, care and factory service, the longer its life. Some motorists believe a battery should last indefinitely like a spring or an axle, but this belief is being overcome by the educational measures of progressive manufacturers who want their customers to know why certain facts are facts."

The Willard Company has done much along these lines and the result is evident in the better care batteries are receiving everywhere.

FUNERALS

Funk.

Funeral services for Carl Funk were held from the M. E. church in Exeter, Sunday afternoon at 2 o'clock in charge of the Rev. Vern Mitchell, assisted by the Rev. C. S. Jupin. Music was furnished by Miss Virgie Buchanan, Mrs. A. L. Morris, Mrs. Maggie Berry, Charles Six and Al Morris. Interment was in Exeter cemetery the bearers being Clyde and Clarence Funk, James Webster, Ted Webster, Bronsey Mills and C. F. Mills.

Wilson.

The funeral of John Wilson was held from Lynnville M. E. church in Lynnville Sunday afternoon at 2:30 o'clock in charge of the Rev. Mr. Haas. Music was furnished by Mrs. Fred Scholfield, Miss Lela Potter, Miss Avanda Potter and Miss Ethel Masters. The flowers were cared for by Miss Pearl Fligg, Mrs. C. W. Lazenby and Miss Myrtle Hillis. Interment was in Lynnville cemetery. The bearers were: C. W. Lazenby, Earl R. Landes, J. F. Duckwell, Lee Crouse, Albert Todd and George Lazenby.

Clark.

The funeral of Mrs. J. J. Clark was held Monday afternoon at 2 o'clock at the family home in Arcadia, with the Rev. C. G. Cantrall, pastor of Litterberry Christian church, in charge. A quartet composed of Mrs. Len Thompson, Mrs. James Litter, J. A. Litter and J. S. Hitchens, furnished appropriate music. Flowers were cared for by Misses Helen Deatherage, Ruth Deatherage, Cora Rudisill, Edith Scribner and Lillie Lindl.

SOCIAL EVENTS

Court of Honor Has Open Meeting.

An interesting program of music and readings was given at the open meeting of Athens Court No. 29, Court of Honor, at the hall Monday night. A season of dancing followed the program. The entertainment committee consisted of Fred L. Gregory, Mrs. Nora Wood, Mrs. Jennie Hickey, Mrs. Myrtle Flynn, Mrs. Viola Schaub and Henry Lindeman. The program numbers followed:

Algonquin—Two-step.
Italian Serenade.
Caramba March.
The Mandolin Club.
Petite Rhapsody..... Herman Schoen Roman..... Kreisler
Violin solos, Miss Minnie Hoffman to accompany by Miss Grace Hoffman.
Reading—"So Was I"..... Miss Dunlap
Vocal Solo—"Where the Red, Red Roses Grow"..... Miss Clara Flynn

Standard Bearers Meet With Misses Rapp.

The Standard Bearers of Centenary church met Monday afternoon at the home of Misses Ruth and Catherine Rapp on South East street. A program was given consisting of vocal and instrumental solos and reading. Afterward games were played. Refreshments in keeping with St. Patrick's Day were served.

ANNOUNCEMENT.

I desire to announce that I have taken office rooms, numbers 3 and 4 with J. Marshall Miller in the Morrison Building on West State street for the practice of the law.

W. L. ARMSTRONG.

S. Cafky, whose intention to close out his business was recently mentioned, has disposed of all his goods and closed his store room in the Scott block. Mr. Cafky will now enjoy a well earned rest from business cares.

R. N. Abbott of Petersburg, secretary of the Illinois Electric Light association was in Jacksonville Monday, the guest of W. B. Miser.

FLORETH CO.

FLORETH COMPANY

MORTUARY

Horror.

Mrs. Eva Barbara Horror died at her home, 334 South Mauvaisterre street Monday evening at 8:35 o'clock after an illness of ten days. Deceased was born in Stettin, Stuttgart, Germany, September 21, 1846. She came to the United States and directly to Jacksonville June 12, 1890, and this city has since been her home.

She was united in marriage to Frederick Horror at Enderdengen, Germany in 1869. To this union eight children were born, four of whom with her husband preceded her in death. There survive the following: Mrs. R. E. Koeping of Virginia, Chris Horror of Prentice, Fred Horror and John Horror of Chicago. She also leaves eleven grandchildren.

Mrs. Horror was a faithful member of the German Lutheran church

having joined that body when a child. She was a woman possessed of many noble traits of character and was highly respected by all who knew her. No arrangements have yet been made for the funeral.

Atkinson.

Leonard Atkinson, four year old son of Mr. and Mrs. William Atkinson, died Monday afternoon at 1 o'clock, after an illness of two days. The disease was thought of to be membranous croup, tho it seemed that symptoms of diphtheria were apparent.

The funeral will be held this afternoon at the residence, in charge of the Rev. C. S. McCollom.

WILL PLAY FRANKLIN.

The Jacksonville Independents will play a game of basketball with Franklin Thursday evening on the Franklin floor. Both teams contain seasoned players and a lively contest is promised.

WITH THE SICK.

Miss Helen Self is recovering from a long siege of grip at her home on north Main Street.

A. D. Arnold who is a patient at Dr. Day's hospital is improving.

PUBLIC SALE.

There will be a public sale of household furniture, bedding, blankets, dishes, etc., some furniture, antique and desirable, at 10 o'clock a. m., Tuesday, March 21, 1916, at the residence of the late Maggie Smith, 327 South Main street.

Henry J. Rodgers, Administrator.

MONDAY CLUB MEETS.

The Monday Conversation club met for regular session this week at the home of Mrs. G. W. Flagg on East State street. Mrs. M. F. Dunlap was leader and a profitable program was carried out.

The Smartest of Spring Styles

For the Purse Prudent
Woman

It is not an easy matter to assemble season after season an individual line of smart Coats and Suits, but being fortunate enough to carry several nationally known lines, we have no hesitation in saying that every style is one that will make instant appeal to the woman who values style discrimination.

The Fabrics are entirely novel and embody that rare exclusiveness desired by smart women.

The Styles are extremely chic and clever. The colors simply radiate spring. And—

The Prices Are Entirely Within Reason

Our \$1.00 Waists

will emphasize our waist values. We candidly believe you'd buy these waists at \$1.50 just as readily as at \$1.00, but we adhere to our policy of value giving even though the manufacturers urge us to raise prices. You'll like these waists at..... **\$1.00**

Our 89c Kimonos

will strengthen your belief in our policy of value giving in certain staple lines of merchandise. These garments sell regularly at \$1.25 and \$1.50 and are positively the greatest values we have ever offered to our customers. **89c**

Our 10c Wash Goods Counters

have attracted more attention than any sale we have had of late. Fifty pieces of choice Rattines, Voiles, Tissue Ginghams, Crepes and Organdies, and in addition, 20 pieces of 36 inch 25c Madras Shirts—must clear to make room for our new spring stock, at per yard..... **10c**

Our Whole Stock is Bright, Crisp and New, and Your Dollars Stretch Their Furthest Limit Here.

SIX BIPLANES REACH GENERAL PERSHING'S HEADQUARTERS

Additional Troops Arrive to Take Place of Thousand Men Sent From Temporary Base to Try and Pursue Villa.

Columbus, N. M., Mar. 20.—By wireless from General Pershing's Headquarters in Mexico.—Six biplanes of the first aero squadron under the command of Captain B. D. Foulouis, arrived today to scout in the mountains for Villa. Two machines left Columbus last night, one this morning. Four spent the night in the vicinity of LaAscension. The machines were driven by Lieutenants S. C. G. Chapman, J. E. Carberry, H. A. Dorgue, T. S. Brown, R. H. Willis, E. S. Gonnell.

W. G. Kilner in the seventh machine has not been reported. Additional troops arrived here to take the place of thousand men sent from the temporary base to try and pursue Villa.

The above despatch was passed by the military censor.

No location of the temporary base is given in the despatch passed by the censor but yesterday's wireless intimated that General Pershing had established headquarters near Casas Grandes, from which point he was sending out columns in pursuit of Villa.

Today's despatch apparently means that only 1,000 men, probably picked cavalry, are actually engaged in the chase after the bandit in the mountain retreats in which he has taken refuge, while the remainder, about 4,000 in all representing artillery, infantry and cavalry are held at the Mexican base.

CUT OFF ALLOWANCES FOR MAINTENANCE TO TEACHERS

SPRINGFIELD, Ill., Mar. 20.—Allowances for maintenance to teachers at state institutions for the Deaf and Blind at Jacksonville will be cut off April 1st, it was announced here today at the offices of the state board of administration. The action will, it is stated, will be a saving of \$6,000 a year at the School for the Blind alone.

It has been the custom to allow teachers at these institutions maintenance and in lieu thereof \$12 a month. Twenty-nine employees were notified by the state board today that their services will not be required after April 1st.

Since the board started its retrenchment campaign recently nearly one hundred have been cut off the payrolls.

SMALLPOX HAS NO TERRORS FOR THIS YOUNG WOMAN

According to the Springfield papers Mrs. Lillian Senter's of this city is under quarantine in a pest-house there because she could not resist the temptation to visit at the home of Mrs. Nancy Jones, 1025 East Capitol avenue, Mrs. Jones, it seems, is suffering from smallpox and her son John is also under quarantine. According to the story the Jacksonville young woman wanted to see the son so badly that she took the chance of disease or quarantine and, at least, got the latter. Dr. O. H. Diechman heard of the visit and promptly had the young woman taken to the isolation hospital, vaccinated and held for inspection. If the vaccination takes she will be there a week and if not three weeks and if she gets the disease there is no telling how long will be the period of imprisonment, and all for the sake of seeing John.

CALLS TO ISSUE DECREE.

Douglas, Ariz., Mar. 20.—General P. Elias Calles, military governor of Sonora announced late today at Agua Prieta, opposite here that he was preparing to issue a decree within the next day or two abolishing all state concessions issued by Jose Maytorena, former Villa governor and other former officials under Diaz and Villa regimes. The decree, if issued will affect many of the mining companies, public utilities and firms dealing in commodities. The decree, however, will not revoke the grants given many of the large American and other forces operating in Mexico.

PEORIA MAY BE AWARDED REGATTA

Quincy, Ill., March 20.—Peoria probably will be awarded the annual regatta of the Central States Rowing association when representatives meet in St. Louis tomorrow. Peoria is the only city that has put in a bid for the regatta. Gold medals will be substituted by less costly ones this year.

BLANKSHIP WINS TOURNAMENT

Chicago, Mar. 20.—W. E. Blankenship of Detroit tonight won the pocket billiard tournament by defeating Ralph Reenleaf, 16 years old, of Monmouth, Ill., 100 to 72 in 22 innings. Blankenship made a high run of 36 and Greenleaf 23. The winner captured 10 games and lost 2.

SPECULATION ENLIVEN GATHERING.

Topeka, Kans., Mar. 20.—Speculation as to who will be the four delegates at large to the National convention to be elected at the Republican state convention here tomorrow enlivened the pre-convention gathering of Republicans who swarmed into Topeka tonight.

MISSOURI TO SEND EIGHT DELEGATES

St. Joseph, Mo., March 20.—Missouri will send eight delegates at large to the Democratic national convention, each with one-half a vote. This has been agreed upon leaders gathered here tonight for the Democratic state convention which will be called to order at noon tomorrow.

EL PASO ADVICES STATE FORCES WITHDRAW

(Continued from page one.)

from General Funston regarding conditions at Nogales, Sonora.

Here an official dispatch said members of the industrial workers of the world were engaged in making incendiary anarchistic speeches to stir the Mexican population to rash acts. The speakers, according to the dispatch, are believed to have crossed the border from the United States. The information was turned over to the state department which will advise the de facto government of the condition in Nogales.

General Pershing in a delayed dispatch which reached the war department late in the day reported that in the raid on Columbus, N. M., Villa lost 200 men. This count includes killed and wounded and men who deserted during the flight from Columbus.

The proposal for the protocol, which it is planned to have remain in force until Villa is captured, came from Mr. Arredondo and was a direct result of the request of the United States for permission to use the railway between El Paso and Casas Grandes for the shipment of supplies to the American expeditionary forces. Mr. Arredondo is understood to have received instructions from General Carranza to discuss the request with the state department and to propose the agreement by which a complete understanding will be had by both governments.

While the convention will provide for all matters such as the use of Mexican railroads by American troops the specific request for permission to ship supplies from El Paso will be disposed of separately. General Carranza has asked for additional information on that subject and it will be forwarded to him immediately.

The United States, it is understood, is prepared to make every concession possible under the circumstances to the de facto government it being felt that as American troops are operating on Mexican soil the de facto government is entitled to the greatest possible consideration. It is the desire of officials that nothing be done that will in the slightest way tend to embarrass the de facto government or bring about any adverse feeling of any kind.

MEETS SPEED REQUIREMENTS.

Rockland, Me., March 20.—Driving thru heavy seas, the torpedo boat destroyer Tucker on her standardization trials today met her contract speed requirements of 29 knots an hour on her four hour full power run. Her fastest run on this test was at the rate of 29.83 knots an hour.

JUDGE COLLINS DIES.

Bay City, Mich., Mar. 20.—Judge Chester L. Collins of the 18th judicial district of Michigan died late today, aged 68. He studied law at Iowa Wesleyan University.

YOUNGER'S CONDITION CRITICAL

Lee's Summit, Mo., March 20.—The condition of Cole Younger, former bandit, but for the last several years a peaceable citizen of this city, was announced as very critical by his physicians tonight.

CLARK JOINS PIRATES.

Hot Springs, Ark., March 20.—Fred Clark, former manager of the Pittsburgh Nationals, joined the Pirate crew in spring training quarters here this morning.

GIANTS DOWN SAN ANTONIO.

San Antonio, Tex., March 20.—New York Giants won from San Antonio today, 13 to 7.

FOREIGN CORRESPONDENCE

(By the Associated Press)

Paris, Mar. 20.—Fourteen old boys proudly wearing the war cross, has just arrived in Paris with a group of soldiers coming home on leave. His name is Emile Martin. He had just entered his fourteenth year when the war broke out. His widowed father being mobilized, he refused to be separated from him, and finally persuaded him to consent to his enlistment. He was at first refused by the military authorities, but finally impressed the colonel of the 217th Infantry by his energy and bravery, and he has been one of the regiment since August, 1914, sharing all the perils and fatigues of his companions in arms. This is the citation in the orders of the day which earned for him the war cross with palm:

"For having, in spite of his young age and the exhortations of his officer, insisted at any price taking part in the patrol sent at night on a reconnoitering expedition, and having brought back precious information concerning the position of the battery of three-inch German field guns."

PARIS—French scientists are claiming that the intensely powerful searchlight now used by the German Zeppelins is the invention of a Frenchman, Monsieur Dussaud, who described the lighting system to the Academy of Sciences four years ago, but it appears not to have been put into use by the French forces merely because of red tape delay.

The invention is called "Cold light", and it is said to realize an effective illuminating power equal to 90 per cent of the initial energy, whereas in the ordinary lighting systems 80 to 90 per cent of the energy is absorbed in heat.

Monsieur Dussaud's invention was patented in all countries of the world. A Berlin concern bought the German

rights in 1913, but France ignored it. After the outbreak of hostilities the inventor placed himself at the disposal of the French authorities, but red tape kept the invention and the inventor traveling from one office to another until Monsieur Dussaud gave up in discouragement.

During the recent Zeppelin raids on Paris, eye-witnesses described the German light as a piercing cloud that stopped the rays of the most powerful search-lights from the entrenched camp of Paris. The light consisted of perpendicular flashes whose rays were so intense as to make the streets on which it was focussed almost as light as day.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cakes and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powder. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.

Treat Coughs and Colds At Once

Dangerous Bronchial and Lung Ailments Often Follow Neglected Colds.

Dr. King's New Discovery Instantly Relieves and Breaks Up the most Stubborn and Hard Colds.

We catch cold because our system has become weakened and finds itself unable to throw off the cold germs. Nature in some cases will effect a cure; but generally, without aid we get worse. How much wiser to help nature fight and expel these cold germs! For

this purpose there is no better remedy than Dr. King's New Discovery. It is composed of Pine Tar mixed with laxatives and healing balsams. It is antiseptic. The instant Dr. King's New Discovery comes in contact with the germs, they die or leave. Your cough lessens, the irritation is soothed, and you begin to get better at once. Don't take the risk of serious sickness. Take Dr. King's New Discovery. In use over 45 years and guaranteed all the time. All druggists.

MANY GATHERED FOR FUNERAL SERVICES FOR PRESTON WOOD

All Springfield Methodist Ministers Had Part in Solemn Exercises at First M. E. Church—Service to be Held Here This Afternoon.

The remains of the Rev. Preston Wood, who died in Springfield Saturday night were brought to this city Monday afternoon and taken to the residence of T. J. Bronson on Webster avenue. Funeral services will be held from the residence this afternoon at 4 o'clock.

Funeral services were held from First Methodist church in Springfield Monday morning at 11:30 o'clock. The church was completely filled with friends of the deceased to pay tribute to his memory. The pastors of many of Springfield's churches delivered memorial sermons for Mr. Wood at the Sunday morning services.

The following account of the funeral is from the Springfield News-Record.

"Rev. T. N. Ewing, pastor of the First Methodist church, had charge. He was assisted by Rev. A. S. Chapman of the Douglas Avenue Methodist church, Rev. J. D. Kruwell, pastor of the Kumler Methodist church, and Rev. A. B. Peck of the Laurel Avenue Methodist church.

"Ministers in the Springfield district over whom the Rev. Mr. Wood had charge were pallbearers. They were Rev. J. C. Cook of Auburn, Rev. Milton Wilson of Edinburgh, Rev. J. D. Biddle of Morrisville, Rev. J. C. Bell of Petersburg, Rev. Clint Bell of Buffalo and Rev. H. Y. Williams.

"The pulpit was covered with a bank of tea roses, carnations, lilies of the valley and many other beautiful flowers. The casket was covered with a blanket of tea roses, white lilies of the valley and pale pink carnations.

"While the casket was being wheeled into the church, E. Spence Wiley, the organist played. Rev. Mr. Ewing read the service, beginning with 'I am the resurrection and the life. He that believeth in me even though he were dead yet shall he live.'

"Rev. Mr. Wood was one of the best known churchmen in this district. He was one of the great forces in the Methodist church in this state. A kindly, loving man, he was respected and revered not only by the members of his faith, but by all those with whom he came in contact.

"On May 26, 1867, Preston Wood was born at Lincoln, Ill. His father, Rev. Preston Wood, sr., at the time of his son's birth, was holding the position of district superintendent of the Methodist churches, which his son later held. When Mr. Preston Wood, jr., was a boy, the family moved to Springfield, and since then he had made his home here.

"He was graduated from the public schools and from the Springfield high school. Then he studied for the ministry and was ordained at Illinois Wesleyan university at Bloomington. After his ordination he at once took up active work in the Methodist churches in Taylorville, Danville, Delavan, Kenney, Maroa and Jacksonville.

"He was appointed superintendent of the Springfield district a year ago last September by Bishop McDowell, and since then had lived in this city. Before being appointed to the highest office in the district he had been pastor of the Kimber Methodist church at Danville for six years and had made many friends there.

"Much of his success was due to his power as an orator and to his magnetic personality. He was in demand as a pulpit orator at Methodist gatherings in all parts of the state. Every congregation of Methodists in this district had heard him speak during the time he served as district superintendent.

"His last public appearance was on Thursday, February 24, when he spoke at the state arsenal during the jubilee banquet of the Springfield Y. W. C. A. He extended the greetings of the Springfield Ministerial association to the Y. W. C. A. members."

C. L. DEPEW MAKES TWO VISITS SUNDAY

Sunday morning C. L. Depew went to White Hall to take part in the 35th anniversary exercises of the Christian church at that place. It was truly a great day for the church and much enjoyed by a large number. The nearby Methodist church dismissed all its services and united with the Christian church and the building was crowded at all the meetings.

At the Sunday school rally there were 350 persons present taxing the capacity of the church to the utmost. Mr. Depew made a very acceptable address on modern Sunday school activities dwelling especially on the true work of the Sunday school at the present time. It is not merely a place at which one may while away a leisure hour but an opportunity to know more of God, and our duty to Him and our fellow men. Then knowing our duty we should lose no time in performing it to the utmost of our ability.

White Hall is to entertain the district missionary convention, May 3 and 4. Frank McDonald, a singing evangelist of Arcola, was present and added much to interest of the occasion with his fine voice. In the evening Mr. Depew spoke at the Christian church in Beardstown, where he was greeted by a number of old time friends glad to see him once more.

Miss Linnie Blevins is again at her post in the dry goods store of Carl Hillierly after a vacation pleasantly spent with home friends in Manchester.

BIDS RECEIVED FOR MOTOR FIRE TRUCKS

WILL BE CONSIDERED AT COUNCIL MEETING WEDNESDAY.

Merchants Send Letter Asking That Permit Be Given for Oiling Square Pavement—Cleaning Plan with Water Flusher Is Explained.

The Monday session of the city council was devoted almost solely to consideration of the bids for a motor truck and to explanation of a street flusher. The lowest bid for a motor truck was that of the American LaFrance company, proposing to furnish two trucks at \$5,000 each. The representative of the Studebaker company explained a motor operated flusher, giving a cost figure of \$1,500. A pressure flusher could be purchased for about \$500 less. Bids for the motor truck were referred to Commissioner Martin, who is to report after the lapse of forty-eight hours to the council with his recommendations.

Early in the session a communication was received signed by officers of the retail department of the Chamber of Commerce setting forth that W. H. Cocking has been unable to secure a sufficient number of merchants to justify sprinkling the streets with water, whereas a sufficient number can be secured in favor of oil. This communication was received and placed on file for further consideration.

Mayor Rodgers suggested the name of W. A. Fay to take the place on the library board made vacant by the death of Rev. J. W. Crowe, and the nomination was unanimously confirmed.

Asks Oiling Permits.

Just before adjournment W. H. Cocking asked the council whether he would be permitted to seek contracts for oiling on residence streets. He said that he did not want to begin the work of securing contracts unless he would be allowed to carry them out. He said further that from sentiment expressed that he was confident that a great many people along paved streets in residence portions of the city were very much in favor of oil.

Mr. Cox said that his department was not in condition to take care of the sprinkling at this time; that no provision had been made in the appropriations and he didn't see how the other officials expected him to keep the streets in good condition without apparatus or money. Mr. Widmayer said that he was personally in favor of oiling, but that he thought it would be a good idea to consider Mr. Cocking's request at a meeting of the council which will be held Wednesday morning.

The reading of the minutes was dispensed with and reports from departments were called for. There were no reports except from Mr. Vasconcellos, who commented upon the trouble that was occurring constantly with the pumps at the north side station. He said that Mr. Cummins, who is to do some work in connection with the wells and pumps, is expected in the city some time this week.

Motor Truck Bids Opened.

The bids for furnishing the city with one or two motor driven trucks for the fire department were opened by Mr. Pyatt. The first was that of the White company, represented by L. F. O'Donnell, and the bid for one truck was \$5,975, or two for \$11,800. The bid of the American LaFrance company was \$5,000 each for two trucks. The Howe Fire Appliance Sales company of Anderson, Ind., thru Amos Kellogg, bid \$5,350 for one truck, or \$10,000 for two. The Robinson Fire Appliance company of St. Louis bid \$5,700 for one truck, 5 per cent off to be given if two trucks were purchased.

The Seagraves company of Columbus, Ohio, bid \$10,500 for two four-cylinder trucks and \$11,000 for two six-cylinder trucks. The bid for one four-cylinder truck was \$5,600 and for one six-cylinder truck \$5,850.

The American LaFrance company, the Robinson company and the Seagraves company were the only ones accompanied by certified checks. The council decided that any bid on which the check was received during the day could be considered. Representatives of the bidders were given opportunity to explain the merits of their offerings. L. F. O'Donnell told about the reliability of the White company and explained various advantages he claimed for the chassis and the engine.

C. H. Johnstone, Chicago representative of the American LaFrance company, who have the lowest bid, went into considerable detail in emphasizing the superiority he claimed for his company's apparatus. This company is a pioneer in fire appliances and Mr. Johnstone devotes his attention exclusively to this work. After giving some information about the motor and apparatus, Mr. Johnstone explained about the inspection service which the company maintains. Every two or three months they send an inspector to look over and test their motor trucks and a detailed record of these inspection trips is kept, so that the company is constantly informed of the condition of the motor trucks.

Explained Flusher.

The representative of the Studebaker Wagon company addressed the council and explained the operation of the street flusher which his firm manufactures. He gave figures to show that cleaning the streets by this method is cheaper than by any other. He declared that dustless sweepers the kind that sweep refuse into pockets or pans attached to the sweeper, have not been successful. Following this explanation there was some discussion of oiling and sprinkling after W. H. Cocking had asked permission to solicit oil contracts in the residence portion of the city.

FOR THE WORSE.

"The indications are that the weather is going to change for the worse," remarked the landlady.

"It probably will," said the star boarder. "A long and painful experience has convinced me that everything always is going to change for the worse. My friend, Alexandrovitch Quilback came to me this morning and suggested that I congratulate him, because he is going to marry Samantha Evergreen. I tried my best to wish him many happy returns of the day, in a cordial manner, but I know I must have looked as gloomy as an undertaker who sees a rival capture a funeral.

"Quilback earns enough money to maintain himself in comfort, and he can afford a few luxuries upon occasion. But he is going to marry a woman who could give points to an inebriated mariner, in the matter of burning up money. In the course of a year Alexandrovitch will be wearing a celluloid collar, and bone cuff buttons, and a twenty-cent ready-made necktie.

"Legions of my friends have gone and married females, Mrs. Jiggers, and in every instance that I recall, it was a change for the worse.

"A presidential campaign is about to open, and before long silver-tongued orators will be telling us that we need a change of administration. Years ago, when I was fresh to keep, I was easily persuaded that the salvation of the country depended upon turning one man out and putting

another in, but now I know that every change is for the worse. We used to have a mayor I considered pretty niggardly. I labored for him diligently before he was elected, and after he took the reins of office I naturally felt that he should consider it a pleasure to lend me a few simoleons when I was financially embarrassed.

"Yet so perfidious was this man, my dear Mrs. Jiggers, that when it came to lending money to those who helped place him in his high estate, fifty cents was his limit. A man can't borrow less than \$4 without a sacrifice of dignity. It is a humiliation to my proud spirit to accept such a sum as fifty cents, yet I could not persuade him to do any better.

"Consequently, when Tom Cormorant, became a candidate for mayor, I supported him with all the fiery ardor of my generous nature. He told me repeatedly that when he was elected he would take care of me. When a statesman makes such a promise, he is supposed to keep it, yet this man was so lost of all the instincts of gentleness that when he was elected mayor he refused to lend me as much as five cents.

"Such experiences often repeated, must convince the most optimistic of men that every change is for the worse. I often contemplate leaving this boarding house, with its vulgarized victuals and apartments which freeze a man in winter and bake him in summer, but my conviction that the change would be for the worse prevents it."

ESTABLISHES PRISONERS INFORMATION BUREAU

London, Mar. 20—Turkey has established a prisoners of war information bureau under the Red Crescent, as the result of urgent representations by the American consulate in London which has received several thousand requests from relatives of British prisoners held by the Turks.

ter addressed to the council by the retail merchants department of the chamber of commerce:

"March 20, 1916.
"To His Honor, the Mayor,
and City Commissioners.

"At a meeting of the retail merchants department of the Chamber of Commerce, held this morning at 9 o'clock, a large majority of the members being present, the subject of keeping the dust down around the square and the retail district was considered.

"Mr. Cocking, being present, reported that a large majority of the retail dealers and other people doing business in this section of the city were in favor of paying for either water or oil, but there were a few who would not sign to pay for oil, and a larger number who would not pay for water. That he has signed contracts for oiling from enough to justify him to apply oil in such quantities to keep the dust down, but that he had been unable to secure enough signers for water to justify him in attempting to sprinkle the streets.

SCHRAM

GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY

25-cent Bottle Destroys Dandruff and Doubles Beauty of Your Hair.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.—Adv.

10 CENT "CASCARETS" BEST LAXATIVE FOR LIVER AND BOWELS

Don't Stay Constipated, Headachy, Bilious, With Breath Bad or Stomach Sour.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from cold, constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, bad cold, offensive breath and all other distress; cleanse your inside organs of all the bile, gas and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleanser, too.

HOW "TIZ" GLADDENS TIRED, ACHING FEET

No More Sore, Puffed-up, Tender Aching Feet—No Corns or Callouses.

"Happy! Happy! Use 'Tiz'!"

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chills.

"Tiz" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "Tiz" brings restful foot comfort.

"Tiz" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25-cent box of "Tiz" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! a whole year's foot comfort for only 25 cents.

HOW ANY WOMAN CAN REMOVE Hairy GROWTHS (Beauty Culture)

It is no longer necessary for a woman to visit a beauty specialist to have superfluous hairs removed, for, with the aid of a plain delatone paste, she can, in the privacy of her own home, remove even a stubborn growth in a very few minutes. The paste is made by mixing some water with a little powdered delatone. This is applied to the hairs and after 2 or 3 minutes removed and the skin washed, when it will be left clear and hairless. Be sure you buy real delatone.—Adv.

A MEDICINE OF MERIT.
The great sale of Lydia E. Pinkham's Vegetable Compound all over this land is the result of genuine merit. The reason is that this good old fashioned root and herb medicine actually helps those suffering from the ailments peculiar to women. If it did not, would not the women of America have found it out in forty years, no that few of them would buy?—Adv.

PARK BOARD HELD SPECIAL MEETING MONDAY NIGHT

Conference With Persons Interested in Golf Will Be Held Thursday—Course Will Be Extended and Put Into Good Condition.

The park board met in special session last evening and transacted a considerable amount of business. The committee on grading reported substantial progress. Several loads of broken stone from the old dam spillway have been hauled to guard safely the edge of the new road. The grading will immensely help the appearance and convenience of the south drives. In the meantime a barricade was ordered placed at the playground to keep away all driving till the road settles and all people are warned not to go beyond it. A bay monkey has arrived in the cage and the little creature seems to be healthy and gives promise of living and thriving.

The persons especially interested in golf are requested to meet the park board at seven o'clock sharp, Thursday evening at a place which will be duly announced. It is the purpose of the park board to co-operate with the golf management in securing suitable grounds for a satisfactory golf course. If arrangements can be made the teams now out at the park may be at once put to work for the golf people.

It was decided not to limit the time for fishing but to let people fish in the lake at any time, no person to be allowed to take fish for sale and no one allowed to take more than fifteen in any consecutive twenty-four hours. It will be necessary to erect nearly all the playground appliances anew this year and it is the intention to profit by the experience of the past and use iron instead of wood; plant it in concrete and keep it painted and make it durable.

Through a misunderstanding some trees were planted which are in the way of the golf course and these are to be replanted where they will not be in the way. Acting on the suggestion of the state entomologist steps are being taken to protect the elm trees from insects and to that end this morning coal tar will be taken to central park and the work, as once begun and the trees there, at Duncan park and Nichols park will have attention.

SOME FARM THEMES.

THEY MILK AT NOON
ON C. S. BLACKS FARM

C. S. Black has been carrying on a dairy business for quite a long period of years in a rather unostentatious but very successful way. The word dairying covers a variety of lines of industry in connection with cows and milk. Mr. Black's plan has been to have all along twelve or fifteen cows giving milk, although he always has a great many more about his place. He sells the whole milk in a wholesale way only. Calves are never sold as vealers and instead he makes a practice of raising them until they are two years old. He lets two calves run with each cow and finds this method of raising the calves quite successful. Just at present he has about seventy-two head of cows, heifers and calves, practically all of them raised on the place.

It was just a short time after he started farming that Mr. Black purchased from Charles Sargent, who was then a well known trader in this locality, a red cow for \$20. Prices at that time were on a very different level from that which now prevails, and the cow proved an excellent milker. She was of such good stock that she was kept for years and there are some of her offsprings in Mr. Black's herd now.

One plan Mr. Black has found successful which is somewhat unusual, is that milking in the morning and at noon instead of morning and evening. He started this plan several years ago when he was delivering his milk to local dairymen who wanted it between three and four o'clock. To come in from the field at 2:30 or 3 o'clock and do the milking was a matter of annoyance and inconvenience and so Mr. Black tried the plan of milking just before he and his boys and helpers were ready to go out into the field. Aside from having the milking work at a time of day more convenient than the evening plan, the result has been that at least two-thirds of the milk is secured in the morning. This was satisfactory from Mr. Black's standpoint, because a number of the customers to whom he has delivered milk for years much prefer to have the morning milk.

Mr. Black is a firm believer in the benefit of the silo for dairying work. His was erected about four years ago and the results have amply justified the expenditure made. While he has ample accommodations for his cows, no expensive buildings were erected. In one barn the floor was all concrete and stanchions for eleven or more animals were put in. One reason Mr. Black has paid so much attention to cows is the fact that a good many acres on his farm are rolling and will give much better results as pasture than as tilled land. The dairying is but one feature of his farming operations, but one which has been continually profitable ever since he began.

Carl West, residing seven miles east of the city, rode to town yesterday in his Ford car and while he brought along some mud he said the roads were quite passable and he left for the home of Walter Robertson, some fifteen or sixteen miles distant in the vicinity of Berea.

JACKSONVILLE HAS OPPORTUNITY TO BREAK INTO THREE EYE LEAGUE

Sporting Editor of Blomington Pantagraph States City Can Secure Freeport Franchise and Players Free.

The following letter from E. E. Pierson, sporting editor of the Blomington Pantagraph, speaks for itself:

Sporting Editor Journal.

Dear Sir: You can secure a Three Eye league berth for Jacksonville by acting promptly. Freeport has quit and the franchise and players can be obtained free. You can borrow \$10,000 for six months to cover the guarantee and raise about \$1,000 more to start the season. As Jacksonville is midway between Quincy, Blomington and Peoria, it would break the jump. A little judicious boosting may turn the trick. There never was a better opportunity to break in. If you can start something, write President A. K. Tearney, 84 Adams street, Chicago, and tell him what you can do. I saved the game here when it seemed dead and you can get Jacksonville into the Three Eye if you work fast and energetically.

Fraternally,
E. E. Pierson.

Here is the best opportunity and the only opportunity Jacksonville has ever had to break into the Three Eye league. In the past Jacksonville has demonstrated its ability to hold its own in any minor league company. In 1892 the city was in the old Western association and in the same circuit in 1894. During these seasons Jacksonville did not play Sunday baseball. Despite this fact a record for second in attendance was secured in 1894 and in 1892 this city stayed until all the other teams blew up in August.

Various local fans have long advocated the formation of an Illinois league and an Iowa league and have always believed that Jacksonville was capable of holding her own in a Three Eye league company with a reasonable salary limit. This seems to be the realization that Three Eye owners have come to this year. If President Tearney will make the teams stick to the limit there is no reason why the Three Eye, with practically all of the cities located in Illinois, should not at least pay expenses. Many here believe that Jacksonville is ripe for league baseball and it is up to the fans to call a meeting and take up the matter of raising funds and securing a franchise. Why not do it and do it now?

SPORT CALENDAR FOR THE WEEK.

Tuesday.
Auto—Motor Show, 5 days at Deadwood, S. D.
Chess—Champion Frank Marshall to play 120 simultaneous games at Washington, D. C.
Boxing—Fredie Welsh vs Phil Bloom, 10 rounds at New York. Mike Glover vs Joe Egan, 12 rounds at Boston.

Wednesday.
Golf—First annual tournament, 4 days, at French Lick Springs, Ind.
Boxing—Matt Wells vs Joe Azor, 15 rounds, at New London, Conn. Jack Britton vs Kid Graves, 15 rounds, at Dayton, O.

Thursday.
Dog—Western Reserve Kennel Club show, 3 days, at Cleveland.
Boxing—Jeff Smith vs Gus Christie, 10 rounds at Fon du Lac, Wis.

Friday.
Horse—Grand National Steeplechase, Gatwick Race Course, England.
Swimming—Intercollegiate championship, 2 days, at New York.
Boxing—Johnny Ertle vs Mickey Dunn, 10 rounds, at New York. Johnny Kilbane vs Harry Donahue, 10 rounds at New York. Freddie Welsh vs Young Brown, 10 rounds at New York. Sam Langford vs Jeff Clarke, 15 rounds, at St. Louis.

Saturday.
Auto—50 mile motor race at San Diego, Calif.
Track—Annual indoor meet of Missouri A. A. at St. Louis. Intercollegiate indoor meet at New York. Willie Kolehmainen vs Geo. McRae, 10 miles for world's championship, at Edinburgh. St. Alphonsus eight-mile road race, at Boston.

RETURN FROM WEDDING JOURNEY

Mr. and Mrs. E. M. Henderson, who have been in St. Louis visiting friends since their recent marriage, have returned to Jacksonville and are already established in their new home, 442 South Main street. Mr. Henderson was at his office in the city hall yesterday receiving congratulations from all his friends.

FINE FOR ROAD DRAGGING.
The roads are in fine condition to drag now, according to County Engineer Baldwin and City Engineer Henderson, and before rainy days come this work should be given attention. W. H. Cocking yesterday had East College avenue between the subway and Johnson street dragged at his own expense. The past season he had the contract for oiling this roadway and it was in fine condition all season. It is very likely that the contract for oiling will be renewed.

BOXING COMMISSION'S PHYSICIAN EXAMINES WILLARD AND MORAN

States Both Men Are in Prime Condition—Moran Does Only Light Road Work—Willard Omits Early Morning Runs.

New York, Mar. 20.—In order to allay the effects of some adverse reports as to the physical condition of Jess Willard and Frank Moran who are to meet in a 10-round bout here next Saturday night, Chairman Wauken of the New York State Athletic commission had Dr. Joseph M. Creamer, the commission's supervising physician examine both men yesterday. Dr. Creamer in his official statement today, says in part:

"I am satisfied Willard is ready right now to go ten rounds at top speed with Moran or anybody else, and that his present condition is a fine tribute to his training methods, despite any criticism to the contrary."

"Moran was bristling with vigor and ready to fight when he returned here from Saratoga two weeks ago. If possible he is even better today than he was then. Both men are in prime condition."

Moran did only light road work this morning and then came to the city from West Chester. He spent the forenoon in the city court where he won a legal battle. Dan McGettrick, Moran's former manager, sued him for \$1,462 he claimed to have advanced Moran before his fight with Jack Johnson at Paris in 1914. Moran did not deny the claim, but said that the money was to be paid out of his end of the Paris purse. That money, Moran testified, is tied up by the moratorium in France.

The jury decided in Moran's favor.

Both parties met later in a restaurant. Moran's counsel, Frank O'Neill, former chairman of the state athletic commission after a heated exchange of words with McGettrick, struck the latter on the jaw. Then Harry Pollok, manager of Freddie Welsh, the world's lightweight champion, took McGettrick's part and landed a right smash on O'Neill's mouth, cutting the lawyer's lip. Moran took no part in the fray but acted as peace maker and separated the combatants. He induced O'Neill to leave the restaurant.

Champion Willard and his trainers decide to omit the early morning runs this week and today the Kansan only took a brisk walk. During the afternoon, at his training quarters he went thru his usual exercises and boxed five rounds.

PHILLIES BUNCH SEVEN HITS OFF HENDRIX AND DEFEAT CUBS

TAMPA, Fla., Mar. 20.—Bunching seven hits off Hendrix in the second and fourth innings the Philadelphia Nationals scored five of their six runs and defeated the Chicago Cubs, 6 to 2 today in an exhibition game here. The Cubs except Williams were helpless before Mayer and Demaree. Williams and Demaree hit home runs.

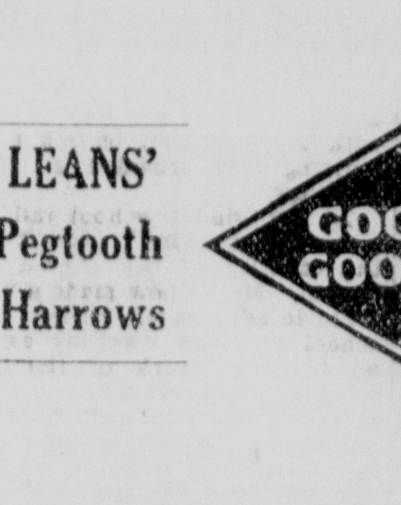

Score:
Philadelphia 030 201 000—6 11 0
Chicago . . . 110 000 000—2 5 1
Mayer, Demaree and Adams; Hendrix, Seaton and Archer.

Use Zemo for Eczema

Never mind how often you have tried and failed, you can stop itching, itching eczema quickly by applying a little zemo furnished by your druggist. It is a large bottle, \$1.00. Itching begins the moment zemo is applied. In a short time usually every trace of pimples, black heads, rash, eczema, totter and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, zemo is an exceptional remedy. It is not greasy, sticky or watery and it does not stain. When others fail it is the one dependable treatment for all skin troubles.

Zemo, Cleveland.

Old Folks Saved From Suffering

Mrs. Mary A. Dean, Taunton, Mass., in her 87th year, says: "I thought I was beyond the reach of medicine. Extra Policy Kidney Pills have proven most beneficial in my case."

Mr. Sam A. Hoover, High Point, N. C., writes: "My kidney trouble was worse at night and I had to get up from five to seven times. Now I do not have to get up at night, and I consider myself in a truly normal condition, which I attribute to Policy Kidney Pills, as I have taken nothing else."

Mrs. M. A. Bridges, Robinson, Mass., says: "I suffered from kidney ailments for two years. I commenced taking Policy Kidney Pills ten months ago, and though I am 61 years of age, I feel like a 35-year-old girl."

Policy Kidney Pills are tonic, strengthening and up-building, and restore normal action to the kidneys and to a disordered and painful bladder. They act quickly and contain no dangerous or harmful drugs.

Hair Often Ruined By Washing With Soap

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is just ordinary mulshed coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use.

One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get mulshed coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

K-h! K-h! Stop Cough at Once!

New Remedy, Starting in Results on Coughs and Bronchitis.

Croupine is a cough, hoarseness and bronchitis remedy discovered by a well-known physician. It is new in its ingredients, acts so quickly that its results are felt in a few minutes.

Yet, more remarkable still, it is positively and absolutely free from opiates or habit-forming drugs. Whatever, such as are commonly used for cough relief, several doses will stop your rasping, tearing, cough, throat tickle, hoarseness, terrifying night attacks of bronchitis, and deep chest-coughs. Croupine is as safe as water. Never disturbs the most delicate stomach. The wonderful success of Croupine reads like a romance—it is magic. It stops cough in children almost with the first dose. Throat tablets are of little use; they merely relieve for the time being—stop the cough entirely with Croupine. Money back if not satisfied.

A DENTISTS FORMULA

SHOE WEARERS MUST "PAY THE PRICE"

High Shortage, Population Increase, Army Shoes and Autos Create Higher Footwear Prices.

A side-effect of the far-away war that interests every man, woman and child is the announcement of the fact that shoes must this season advance in price. The generally reported scarcity of leather, and increased cost of tanning since the war, combined with an enormously increased demand of leather, all account for the advanced cost of footwear.

Millions of pairs of shoes for the European armies have been and still are being made by American shoe manufacturers. On the average, these army shoes consume one and one-half as much leather as the average American man's shoe. Knapsacks, saddles, harnesses and other material for the armies at war and a general increase in equipment of the American army and state militia account for a still further demand on the none too large supply of leather.

Manifolds plants have called for thousands of feet of leather belting and the general picking up of business has started thousands of factories' wheels and greatly augmented the call for belting. Autos have also made great and increasing inroads into the available leather supply for upholstery.

Leather is a by-product. The supply cannot be increased at will as crops and metals are, but is dependent on the hide supply; and hides are not killed, primarily, for their hides. The latest census reports show that the cattle population has decreased 20 per cent in the last ten years, and the population has increased the same percentage.

Shoes, therefore, are to be more expensive. It is said that the increase for the present will be about 20 per cent, but will likely be more by next fall.

PRIEST CALLED TO SETTLE ONTARIO MISTERY

London, Ont., March 20.—To the Rev. J. B. Parent, pastor of a Catholic church at Lynn, Mass., has been left the identification of William E. Wilson, until recently a prosperous shoe manufacturer of this city. The priest will decide whether he is the same man who, as Paul E. Guay, was married in his parsonage in Lynn to Eva M. Senecal.

Wilson is a prisoner in jail here on the charge that he is a bigamist. His answer is that he is being "framed" by competitors in business. Taking oath that the prisoner is Paul Guay of Lynn, Mass., the wife whom he is charged with deserting, swears that the man is a native of Matane, in the Province of Quebec. Wilson says he is a native of Missouri in the vicinity of St. Louis. He claims his home was destroyed when he was a boy, by a bolt of lightning, and that his parents were killed in that catastrophe.

Wilson admits that he did once live in Lynn, working at the shoe trade. But he is sure that he never knew Eva Senecal there, and knows, he says, that he did not marry her. Wilson has again married, and his present wife is one of the leading women of the city.

Early in the morning of May 25, 1907, Paul E. Guay left his home apparently to go to work. It was less than two years after his marriage to Eva Senecal. A boy was born to this Lynn wife shortly after the father disappeared. Mrs. Guay and her mother came to Ontario a few weeks ago and positively identified Wilson as the same man.

WRITES RELIGIOUS DRAMA FOR CHARITY.

Milford, Mass., March 20.—William J. Walker, the author of the religious drama "Polittus," which has just had a successful presentation in Milford, the author's home, has announced his purpose to supply worthy institutions with the full score of his production, without charge.

"There is no intention to make money or to make fame from this production," he says, "but of furnish a vehicle that will give pleasant satisfaction to patrons of worthy institutions. Only those that are considered worthy will be allowed the work of the drama. If it will do this work and thus be a help to orphan's homes or to similar institutions and those who live within those walls, I will be satisfied. This is a religious story and if it does anything, if its mission is to be one of any character it must be used along the lines of charity."

J. J. Bull helped represent Scottville in the city yesterday.

S. S. S. IS PURELY VEGETABLE—NATURE'S BLOOD TREATMENT

Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy for practically every ailment of mankind. Medicines made from roots, herbs and barks which nature has placed at the disposal of man are better than strong mineral mixtures. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membranes, producing chronic dyspepsia and often entirely ruining the health. S. S. S. is guaranteed to be a purely vegetable remedy. It is made of gentle-acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for all disorders of the blood. It cleanses the entire system. Get S. S. S. at any drug store. S. S. S. is a standard remedy recognized everywhere as the greatest blood antiseptic ever discovered. It cures a peculiar case written to Swift Specific Co., Atlanta, Ga.

HEAVY RECEIPTS OF HOGS HAVE WEAKENING EFFECT ON PRICES

Cattle Offerings Prove to Be Relatively Plentiful—Lambs and Sheep Are Scarce.

Chicago, March 20.—Hog receipts today were too liberal for immediate requirements and had a weakening effect on prices. Cattle offerings proved also to be relatively plentiful. There was something of a scarcity of sheep and lambs.

Hogs—Receipts 53,000. Market weak; 5c lower. Bulk 9.50@9.60; light 9.10@9.25; mixed 9.20@9.35; heavy 9.20@9.35; rough 9.20@9.35; pigs 7.50@8.60.

Cattle—Receipts 17,000. Market weak. Native beef steers 7.50@9.85; western steers 7.40@8.60; stockers and feeders 6.00@8.25; cows and heifers 3.80@8.70; calves 8.00@10.25.

Sheep—Receipts 14,000. Market strong. Wethers 8.30@9.00; ewes 6.10@8.70; lambs 9.50@11.60.

St. Louis Livestock Market.

St. Louis, March 20.—Hogs—Receipts 12,000. Market 5c lower. Pigs and lights 7.00@9.60; mixed and butchers 9.45@9.70; good heavy 9.65@9.70.

Cattle—Receipts 2,200. Market 10c to 15c higher. Native beef steers 7.50@9.60; yearling steers and heifers 8.50@9.50; cows 5.50@8.00; stockers and feeders 5.50@8.00.

Sheep—Receipts 1,500. Market strong. Yearling wethers 8.00@10.00; lambs 9.00@11.00; ewes 6.50@8.25.

Kansas City Livestock Market.

Kansas City, March 20.—Hogs—Receipts 13,000. Market steady. Bulk 9.30@9.95; heavy 9.45@9.60; light 9.20@9.45; pigs 7.75@8.25.

Cattle—Receipts 12,000. Market steady. Steers 7.50@9.65; cows 5.00@8.25; heifers 7.00@10.00; calves 6.50@11.00.

Sheep—Receipts 12,000. Market steady. Lambs 10.85@11.55; yearlings 9.25@10.00; wethers 8.00@9.00; heifers 7.50@8.30.

Omaha Livestock Market.

Omaha, March 20.—Hogs—Receipts 8,000. Market steady. Heavy 9.15@9.35; light 9.00@9.30; pigs 8.00@9.00; bulk 9.10@9.30.

Cattle—Receipts 4,500. Market stronger. Steers 7.50@9.50; cows and heifers 6.50@8.00.

Sheep—Receipts 5,500. Market strong. Yearlings 8.50@9.85; wethers 7.50@8.50; lambs 10.75@11.50.

STOCKS UNDER STEADY PRESSURE WITH LOSSES IN WAR ISSUES

Reversal is Accelerated in No Small Measure by the Heaviness of United States Steel.

New York, March 20.—Stocks were under steady pressure today, with severe losses in war issues, which yielded 2 to 7 points, mainly in consequence of persistent peace rumors. Although these reports lacked even circumstantial detail, they were accepted with much seriousness in speculative circles and the short interest was increasingly active.

The reversal was accelerated in no small measure by the heaviness of United States Steel, which was under restraint from the outset on a very large overturn. Even the brilliant statement of the Bethlehem Steel corporation for 1915 showing earnings of 112 per cent, applicable to the common stock, failed to hold the industrial and equipment issues. Bethlehem on a very small output registered a loss of 14 at 520.

Lowest prices were made in the very active final hour when support of the special group was almost wholly lacking.

Rails gave a good account of themselves, but that group being confined to faction, except in Reading, Canadian Pacific, Norfolk and Western and allied shares, where recessions ranged from 1 to 2 points. Total sales of stocks amounted to \$25,000 shares.

During the early part of the session there was some buying of the international list for London account, the Pacifics and Erics, as well as coppers being in special demand. Americans were firmer abroad, but inactive.

Another new low rate of 7 1/2 for marks measured the uncertain conditions between this market and Berlin.

FRESH RUMORS OF PEACE LEAD TO BEARISH REACTION IN WHEAT

Notwithstanding That Latest Prices Were Heavy Close Shows a Net Gain of 1 to 2 Cents, Largely the Result of Bad Crop Conditions.

Chicago, March 20.—Fresh rumors of peace led to a sudden bearish reaction in the wheat market today just before the close. Notwithstanding, however, that latest prices were heavy, with the finish at 1.09 1/2 and July at 1.08 1/2, showed a net gain of 1/4 to 2 1/2, largely the result of bad crop conditions in Illinois and other winter wheat states. Corn gained 3/4@1 1/2, and oats 1/2 to 3/4. In provisions the market was unchanged to 15c higher.

Questions About Food

Answered by ALFRED W. McCANN
Q. Is it true that all dairy butter is now artificially colored. It so how is it done? Mrs. Miriam Shaw.

A. Butter churned in June from the milk of grass-fed cows has a natural golden-yellow tint. Through a greater part of the rest of the year butter is as pale in color as the cream served at the breakfast table. This is as it should be. But a crafty buttermaker once conceived the idea of putting some saffron in the cream before churning so that he might produce a rich yellow butter that would command a higher market price.

"See," says the dealer in such butter, "how superior my butter is to the other fellow's butter. Look how white his is and how beautiful and yellow mine is. It simply shows how much richer and better my butter is."

The dear consumer fell for this sort of deception and soon began to sup on all of natural tint butter. As a result buttermakers were forced to imitate the artificial color and all butter became, as far as color is concerned, fraudulent.

All artificial color is mixed with the cream before churning. No artificial color can be mixed with the butter after it is churned without injuring the grain of the butter.

Until a few years ago annatto provided the high color usually demanded, but now there are rich, warm, golden coal tar tints ready dissolved in cottonseed oil, linseed oil, or sesame oil for the buttermaker's use.

Nobody knows what influence on the human system these coal tar colors exert, but as long as the people want bright and sprightly butter, regardless of rhyme or reason, they can depend upon the coal tar family to give them all they want of it.

Raw butter of any kind cannot be made any worse by the addition of ribbon dye. Some day you will eat no butter but the pasteurized and undyed kind.

Q. Since the health authorities of New York City have permitted the use of horseflesh for food purposes considerable criticism of this innovation has been heard. If there is anything wrong with the horse why do we permit this animal to be used in the preparation of serums for medicinal purposes? D. C. Gills.

A. The use of horseflesh for food purposes and the manufacture of serums are not related. There are good reasons to justify the employment of the horse in the preparation of serums. There are no good reasons to justify the use of horseflesh for food purposes.

The blood and blood serums of some animals act as poisons when introduced into other animals. A small quantity of the blood of a snake, even of the non-poisonous variety, injected into a rabbit, a guinea pig, or mouse is followed promptly by death.

The blood of a dog injected into any animal is followed by death. On the other hand, the blood and blood serum of the sheep, goat, and horse have generally little effect on other animals, or on man. It is for this reason that these animals, particularly the horse, are employed in the preparation of the serums used in medicine.

May strange reactions that we know very little about are observable in experiments with blood. It requires no stretch of the imagination

to associate the curious and sometimes alarming phenomena of these experiments with the laws of Moses forbidding the use of the blood of any animal or the flesh of certain animals for food purposes. First, it is known that even the harmless serums become poisonous when they have been taken from animals which have been first treated with the blood or the organs of other species of animals.

The blood serum of a sheep which has been treated with the blood of a rabbit becomes poisonous. The injection of the rabbit blood into the sheep confers upon the sheep a new property which gives it the power of dissolving red corpuscles. Hence the blood of the sheep, so treated acts in deadly manner. The reason that Moses held some animals to be clean and others unclean does not defy analysis to any greater extent than such phenomena as these defy explanation.

Moses not only put the ban on the flesh of the horse and the swine, but upon the eagle, the vulture, the raven, the hawk, the monkey, the mouse, the crocodile, the lizard, etc.

Humanity as a rule instinctively still observes these Mosaic restrictions except in the case of swine. One rarely hears of monkey fritters, vulture stew, broiled lizard, hyena steaks or roast crocodile. Instinctively we let the commandments of Moses stand with respect to these delicacies.

It is quite possible, however, that all our objections to the use of the flesh of such animals are based on sentimental reasons. But, in the case of the horse, there are practical reasons which must be considered.

Horse meat from young and healthy animals would cost a dollar a pound. For this reason the only horses that are ever offered for slaughter are the old and infirm.

There is a poison in fatigue and sentility well known to science.

If we take two healthy frogs, squirrels or any other animals and make one of them hop, jump or run until it is completely exhausted and then inject some of its blood into the other healthy animal of its kind all the symptoms of exhaustion will be noted in a few minutes. The hitherto healthy animal will be sick.

The flesh of the horses, there is good reason to believe, contains the end-products of senile decay, and as such should not be consumed for food purposes.

With respect to very old cows the flesh of which is in a state of extreme emaciation, at the time of slaughter, the Bureau of Animal Industry is required to condemn the carcasses as unfit for food even when no evidence of disease is found.

Moses knew what he was talking about with regard to so many other things that I, for one, am inclined to accept the wisdom of his ban on horsemeat, notwithstanding the superior scholarship and more noteworthy scientific attainments which the modern academician claims for himself.

You can be sure of this when you sit down to a dish of horsemeat. If you could see with your own eyes the diseased or enfeebled condition of the horse before slaughter you could not possibly develop an appetite for your dinner.

The criticism directed against the health authorities who lifted the ban on horsemeat in New York City may have been born in indignation and disgust, but it was well directed.

WOMEN IN THE NEWS.

London—Marvelous stories of the women higher up in Russia and Austria, who have at critical moments in the present great conflict on the Eastern front decided the moves that are making history, are coming to light, and, if they are authenticated in more peaceful days to come, will rival the tales of the powerful influence that Catherine the Great of Russia wielded in the olden days. It is said that the master mind of the Russian military system is the Grand Duchess Anastasia, wife of the Grand Duke Nicholas, with whom she rode side by side in the entry into Erzerum. She is reported to have corrected the shortage of shells that caused the great Russian retreat, and to have planned the campaign against the Turks. The other woman on whom the limelight of war was is playing is Princess Alice of Schlenberger Waldenberger, recently caught in an Italian hospital and about to face death or exile for espionage. She is credited with worming out of Russian generals, while serving in the Russian Red Cross, the fact that the supplies of ammunition were short. This news, forwarded to Vienna, and thence to Berlin, altered the campaign and sent the Teutonic cohorts dashing through Poland in expectation of a grand coup that would put Russia out of the war. Princess Alice has been the brains of the Austrian secret service, and her fate is now interesting royalty.

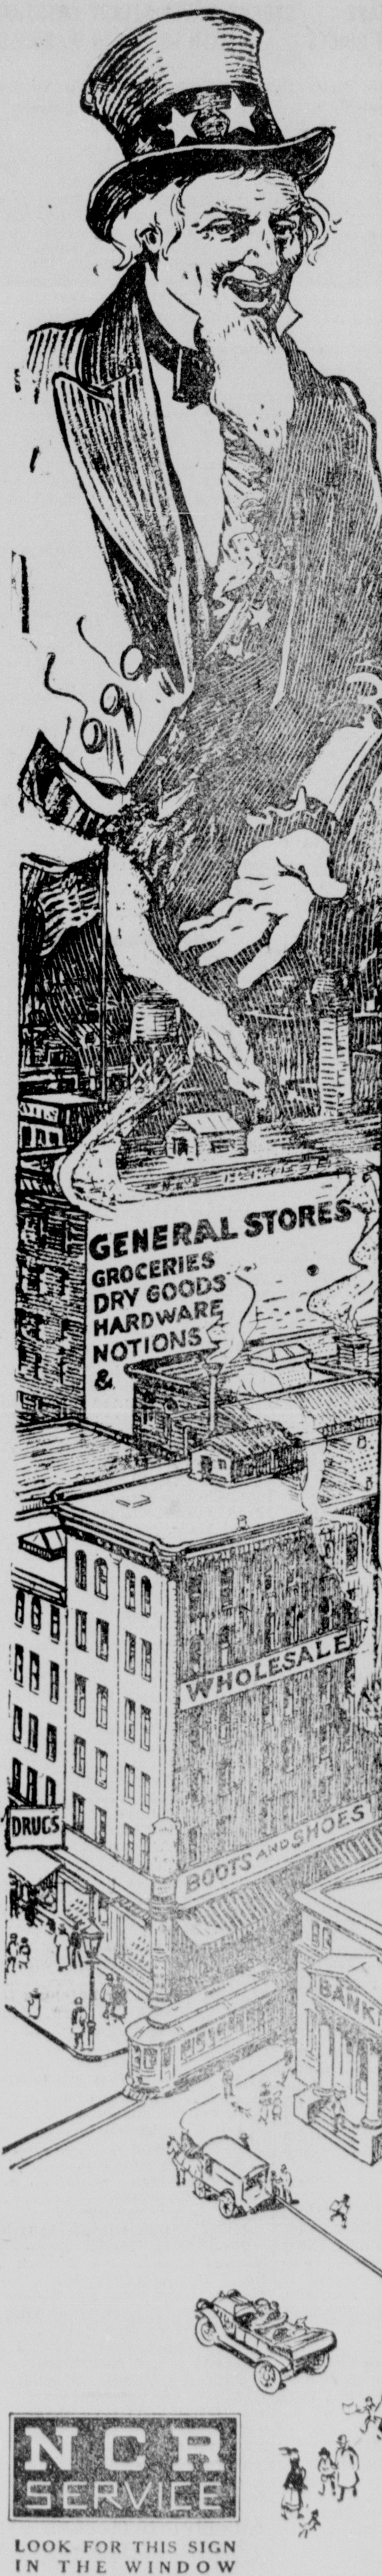

Cincinnati—For the first time in the history of intercollegiate chess in this country, a girl chess player figures in the lineup of a varsity team representing the University of Cincinnati. This unusual distinction falls to Miss Jessie Bogen, who is recognized as woman champion of Ohio. With her brother, E. Bogen, who heads the team, while she plays at the fourth board, she is in charge of one of the six games started by correspondence with Harvard University.

New Orleans—Miss Helen Keller the famous blind deaf-mute, who learned to talk and lecture, is the guest today of the New Orleans Commission of the Blind, and she will lecture this afternoon. Mark Twain once said that the two most interesting characters of the nineteenth century were Napoleon and Helen Keller. A school and workshop for the blind in New Orleans is the hope of many prominent women of the city.

Columbus, O.—A grand suffrage rally is being held here today, attended by women from each of the congressional districts of Ohio, under the auspices of the Ohio Woman Suffrage Association. National President Carrie Chapman Catt is the center of interest, and she will be the principal speaker tonight. A public meeting will be held tomorrow, over which Governor Willis has been asked to preside.

New York—The decision of Columbia University trustees to admit women as students in the College of Physicians and Surgeons has brought favorable comment from all sections of the country. The medical buildings will be enlarged to accommodate the women doctors. The agitation for the opening of the medical school doors to women began over a quarter of a century ago. The entering wedge was driven some five years ago, when the director of the summer session decided to admit the women at the summer session. The number of courses has been extended from summer to summer, and the women doctors manifested such earnestness that the barriers were entirely removed.

New York—Lady Ralph Paget, formerly Miss Minnie Stevens of New York, will be the first to receive the medal of honor from the New York City Federation of Women's clubs for exceptional service by a woman "beyond the lines of duty." Lady Paget gave service to the stricken Serbian women when their land was invaded by the Bulgarians, and many acts of humanity and bravery have been recorded of Lady Paget.

A Great National Public Utility

That concerns all merchants
and all people

THE original Cash Register rang a bell, indicated and recorded the amount of the purchase. It benefited the merchant only.

In a third of a century this old model has developed into a Cash Register that directly benefits every man, woman and child who spends money in a store.

This new Cash Register equally concerns every merchant and clerk, every banker and wholesaler in this land.

It furnishes every customer with a receipt or sales slip.

It prints on this the amount paid or charged.

On this is also printed the date of the sale and who made it.

It forces a duplicate, printed record for the merchant.

It prevents disputes over charges and bills paid.

It saves shoppers' time.

It gives the merchant all his profits. It gives him more money for his family.

It promotes more and quicker sales.

It protects each clerk against making errors and against the mistakes of others.

It rewards the diligent clerk by telling his employer which one makes the largest number of sales and which one gets the greatest amount of business.

It assures the banker additional security for the money he loans the merchant.

It gives the wholesaler additional assurance that the merchant will have money to pay his bills.

It furnishes the banker and the wholesaler mechanical evidence that the merchant's statement of his business is correct.

It is a business necessity.

MERCHANTS!!

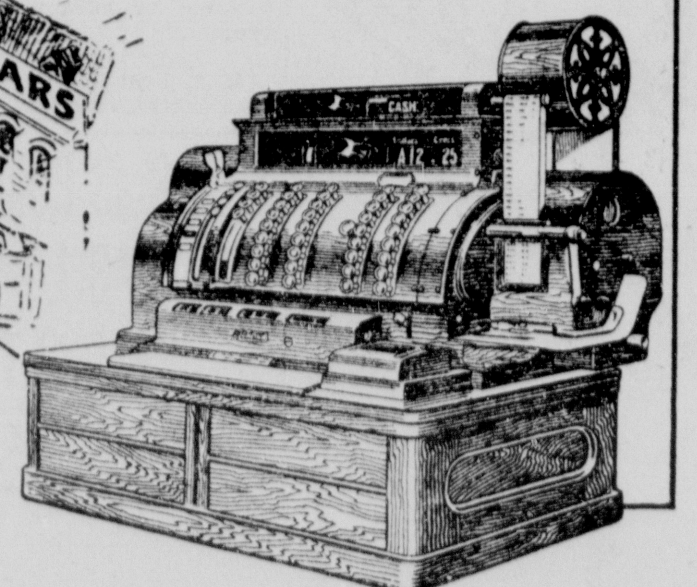

We have new 1916 models that give this perfect service.

Write us today or see our agent in your city and learn how you can secure one of these public service machines.

Liberal allowances are made for old National Cash Registers that were good in their day, but do not so completely protect you or give the valuable service our 1916 Models do.

DAVENPORT SPORTS DEFEAT WHITE SOX

The Davenport Sports have organized a base ball team for 1916. The following officers were elected: John Hegarty, president; Russell Murphy, captain and Walter Sullivan, manager. They will play any team of their class. A game was played between the Davenports and White Sox Sunday afternoon at the School for

the Blind pasture. The Davenport Sports won by a score of 19 to 12. The line up was as follows: Davenports—G. Sullivan, rf; R. Murphy, 2d b; E. Labortaux, cf; E. Kuchman, ss; L. Wilner, lf; A. Brown, 3b; G. Hegarty, 1b; R. Nunes, p; W. Sullivan, c. The lineup for the White Sox was: J. Zell, c; C. Blesse, 1b; G. Blesse, p; J. Hennessey, ss; G. Burkery, 2b; G. Tribble, rf; O. Trib-

ble, cf; E. Burkery, lf; L. Sellers, 3b.

TO SETTLE DIXIE HIGHWAY ROUTE

Macon, Ga., March 20.—The directors of the Dixie Highway Association will begin today a tour of automobile over two routes between here and Jacksonville, Fla., in order to determine which route will be

incorporated in the official routing of the great southern highway. The directors will make the journey to Jacksonville by one route, returning by the other. One route takes the road to Fitzgerald and Waycross, and the other runs from Macon to Milledgeville, Sanderville, Louisville, Savannah and Brunswick to Jacksonville.

LITERBERRY.

Mrs. Duckwiler is visiting her daughter, Mrs. Robert McFarland, on Railroad street.

Miss Louise Ray of Jacksonville, is now visiting friends here.

Mrs. Durrell Crum of "Allegretto" invited some of the industrious young people in, to an all day sewing on last Thursday.

Last Friday morning John Kennedy of Arcadia neighborhood, took out a Big Four, five bottom tractor. There will be something doing north of Arcadia when the sun shines.

The members of the Baptist Aid and Sunday school gave a miscellaneous rush in honor of the newly married young people, Mr. and Mrs. Walter Roach, on Tuesday afternoon. This gathering was held at Sunay Slope, on Sweet Brier avenue. Fine refreshments were served and everybody had a good time. A great pile of all kinds of useful and ornamental presents were brought in for the young couple; they have many friends in this vicinity, who wish them well.

Mr. and Mrs. C. A. Beavers of The Zephyrs will go to Barry Thursday, where Mrs. Beavers and James Robert will visit relatives, while Mr. Beavers makes an extended trip into Canada.

The following persons were visitors at Sunshine Cottage during last week: Dr. Obermeyer, Mrs. J. M. Litter, Mrs. Wm. Decker, Mr. and Mrs. W. E. Murray, Mr. and Mrs. Jesse Litter, Mrs. M. O. Petefish and Master Ireland Thompson, Mrs. Ed. Litter, Mrs. M. M. Crum, Mrs. C. A. Beavers, Mrs. Sarah Collins and the Misses Anabel Crum, Olive Scribner, Mary McFarland and Lela Maul and S. H. Crum.

Mr. and Mrs. Jesse Litter and Mr. and Mrs. John Daniels went to Jacksonville Sunday to help eat a birthday dinner with Mr. and Mrs. Alphonso Rath.

Mr. and Mrs. Earnest Young of "Two Poplars" gave a twelve o'clock dinner on Sunday to some of their friends.

Ben Todd Litter, of northeast Litterberry is spending a few days at "The Towers," with Mr. and Mrs. G. T. Litter.

TOKIO CORRESPONDENCE.

TOKIO—(Correspondence of the Associated Press)—Two commentaries on the war, one by Viscount Kantaro Kaneko, of the Privy Council, and the other by Dr. Sanae Takata, Minister of Education, have been given considerable publicity in Japan and have been printed in "The Japan Peace Movement", the organ of the Japan Peace Society and the American Peace Society of Japan.

Viscount Kaneko, who went to the United States in a semi-official capacity during the Russo-Japanese war, discusses the subject of international organization after the war. He submits his conclusion that the experience of the present war have been so bitter that when peace is restored the nations of Europe will be morally and economically compelled to devise some means of international cooperation to prevent the re-surgence of such a conflict.

Dan Gorman of Waverly was attending to business affairs in the city yesterday.

EXECUTOR'S NOTICE.

**Corns Come Off
Like Banana Peel**

Wonderful, Simple "Gets-It" Never
Falls to Remove Any Corn Easily.

"Wouldn't it jar you? Here I've
been going along for years with one
desperate corn after another, trying
to get rid of them with salves that

Hesitate! Use Sure "Gets-It" for Those
Corns and Save Your Life and Your Toes!

eat off the toes, tapes that stick to
the skin, blisters and plasters
that make a package of the toes, try-
ing blood-bringing razors and scis-
sors. Then I tried "Gets-It" just once
and you ought to have seen that corn
come off—just like a banana peel. It's
simple, wonderful. It's the new way,
painless, applied in two seconds, nev-
er hurts healthy flesh or irritates.
Nothing to press on the corn. Never
falls. Quit the old ways for once any-
way and try "Gets-It" tonight. For
corns, calluses, warts and bunions.
"Gets-It" is sold everywhere, 25c a
bottle, or sent direct by E. Lawrence
& Co., Chicago, Ill.

Sold in Jacksonville and recom-
mended as the world's best corn rem-
edy—by Armstrong's Drug Store—J.
A. Obermeyer.

**ARLINGTON MERCHANT
FEELS BETTER**

Friedrich Redeker, a business man
of Arlington, Ill., was a victim of
stomach and digestive troubles. He
went to a hospital for an operation for
another trouble. When he re-
covered from the operation he found
his stomach trouble worse and his
heart affected.

He took May's Wonderful Remedy.
He got his appetite back and
gained in strength right away. He
wrote:

"I owe you some words of congratu-
lation for your stomach remedy. I
could not eat anything but soft food
and the bloating from gas got so bad
that at one time I had a fainting spell
for three hours. I went to one of
your Chicago drug stores and got
your remedy. I took the remedy and
the next morning was relieved. I
am getting stronger and can eat any-
thing that comes along."

May's Wonderful Remedy gives per-
manent results for stomach, liver and
intestinal ailments. Eat as much and
whatever you like. No more distress
after eating, pressure of gas in the
stomach and around the heart. Get one
bottle of your druggist now and try it
on an absolute guarantee—if not sat-
isfactory money will be returned.

For sale by Armstrong's Drug
Store and all other reliable drug-
gists.

**True Secret of Keeping
Youthful Looking**

(The Beauty Seeker.)

"The real secret of keeping young-looking
and beautiful," says a well-known hygienist,
"is to keep the liver and bowels normally
active. Without these remedies, poisonous
waste products remain in the system, pollut-
ing the blood and lodging in various organs,
flashes, joints. One becomes flabby, obese,
nervous, mentally sluggish, dull-eyed, wrinkled
and sallow of face."

"But to get liver and bowels working as
they ought, without producing evil after-effects
has been the problem. Fortunately, there is
a prescription of unquestioned merit, which
may now be had in convenient tablet form.
Its value is due largely to an ingredient de-
rived from the jungle. May apple, or its root,
which has been called 'vegetable calomel' be-
cause of its effectiveness—though, of course, it
is not to be classed with the real calomel of
mercurial origin. There is no habit-forming
condition in 'Santonal' tablets—that's the
name—and their use is not followed by weak-
ness or exhaustion. On the contrary, these
Santonal vegetable tablets tend to impart tone
and elasticity to the relaxed intestinal wall.
Santonal tablets, which may be procured from
any druggist—dime's worth will do—will
prove a revelation to any constipated, liver-
troubled person."

The Constipation Curse

Constipation—clogged bowels
cause pain and sickness; 95 per
cent of our ills, say the authorities,
Santonal Laxatives bring quick
relief. All vegetables—contain no
calomel. Ten doses for a dime at
any druggist. Physician's sample
free, upon request, if you men-
tion this advertisement. The San-
tanel Remedies Co., Inc., 800 Mad-
ison Ave., Covington, Ky.

**SCHOOL LUNCHEON FOR CHILDREN
DISCUSSED IN BULLETIN**

Simple and Appetizing Menus are
Suggested—Nutrition Kept Upper-
most in Mind.

Washington, D. C., March 18—
What shall school children be given
to eat at noon in the lunch basket,
at the home lunch table, or in the
lunch room operated by the school
authorities? To help answer this
question, which almost every mother
and many of the educational authori-
ties are asking constantly, the U. S.
department of Agriculture, thru the
Office of Home Economics, has just
issued Farmers' Bulletin No. 712,
"School Lunches." This bulletin
was prepared by Miss Caroline L.
Hunt and Miss Mabel Ward, under
the direction of Dr. C. F. Langworthy
of the States Relations Service. The
bulletin, after discussing the general
principles of feeding school children
to provide for activity and develop
them into sturdy manhood and wo-
manhood, gives a number of simple
appetizing menus for the school
lunch basket and bills-of-fare and
recipes for preparing inexpensive and
nourishing noonday meals or hot
dishes for children, either at home,
on a school stove, or in the domestic
science kitchen.

Relation of Lunch to Other Meals
In feeding a child or anyone else,
the authors of the bulletin point out,
it is not wise to think of any one
meal apart from the other two. It is
seldom convenient to provide at one
meal all the materials needed by a
growing body, and those which are
omitted from one meal should be
supplied by one of the other meals.
The noon meal for children, how-
ever, where food must be prepared
at home in the morning to be eaten
elsewhere at noon or where the chil-
dren must hurry home, eat quickly,
and then rush back to school, offers
special difficulties and deserves the
careful attention of parents.

**Dietary Essentials for the Growing
Child.**

Before it is possible to plan a
rational basket or other luncheon
for children it is necessary for the
mother to understand the general es-
sentials of diet for young people.
These essentials in general are an
abundance of simple foods, carefully
prepared, and of sufficient variety
to provide energy, repair wastes,
provide elements for building bones
and tissue, and stimulate growth.
To do this most effectively the three
meals each day must supply the child
with sufficient food from each of the
following classes:

1. Cereal or Starchy Foods—Cer-
eals, eaten principally as bread, sup-
ply nearly half of the protein (com-
monly thought of as tissue-building
material) and nearly two-thirds of
the fuel or energy in the American
diet. The quality of the bread there-
fore, is extremely important. Its
crust should be crisp and deep (in-
dicating thorough baking) but not hard
or burned. It should be light and
free from any suggestion of sourness
or rancidity. The crumb should be
elastic and yet capable of being easily
broken up in the mouth without
forming a sticky mass, or being too
dry to taste good. These qualities
can be secured in rolls and biscuit
as well as in ordinary bread, pro-
vided they are cooked thoroughly. The
objection to hot bread is due to the
fact that undercooking may leave
it soggy on the inside, rather than
because such breads are eaten hot.
The child's appetite for bread may be
stimulated by using different kinds
of bread, zwieback and crackers, by
the addition of raisins, currants, or
nut meats, and sometimes by cutting
the slices into fancy shapes.

Cereal mushes and ready-to-eat
breakfast foods supply nearly the
same nutrients as bread, a half cupful
of cooked cereal being about
equivalent to a good sized slice of
bread. A tablespoonful of cream
is about equivalent in fat to a liberal
spreading of butter.

2. Protein-rich Foods.—While
bread and cereals come near to sup-
plying one of the important require-
ments of diet—a correct proportion
of nutrients providing fuel only and
those useful for body building—
other foods which provide protein
in larger proportion as compared
with fuel should not be neglected.
These foods include milk, meat (ex-
cept the very fattest), fish, poultry,
eggs, cheese, dried beans, cowpeas,
peas, peanuts, and almonds, walnuts,
and other nuts. "Nuts, of course,
also contain considerable fat. Milk
is an absolute essential, not only be-
cause it contains a large number
of nourishing substances in forms
easily assimilated, but also because,
in some way not now fully under-
stood, milk seems to promote growth
and help the body of a child make
good use of other foods. Milk is rich
in most kinds of mineral matter
particularly lime, useful in the develop-
ment of bone and tissue.

Milk should never be omitted
wholly from the diet of a child. If
not used at luncheon it should ap-
pear at other meals. For luncheon,
however, it has been found that such
dishes as milk toast, milk soups made
with vegetables, fish or vegetable
chowders, and cocoa are valuable
foods, easily prepared at home or
in the school, because they require
no oven and call only for simple
utensils. White sauces made of
vegetable juices, milk or broth, differ
from milk soup largely in that
they contain more flour. When con-
sidering milk, the food value of
skim milk, which contains a larger
percentage of protein than the less fat
than full milk, should not be over-
looked.

3. The Fatty Foods.—The fatty
foods, such as butter, cream, salad
oil, bacon, and similar foods, are
important sources of energy and
nourishment for the growing body.
Fats are best given in such simple
forms rather than in rich pastries
or sweets.

4. Fresh Vegetables and Fruits.—

The Roof of the World

Copyright 1916
General Roofing
Manufacturing Co.

"From Greenland's icy mountains,
From India's coral strand,
Where Africa's sunny fountains
Roll down their golden sand,
From many a distant river,
From many a palmy plain,
They call us to deliver
Their heads from sun and rain."

You will find CERTAIN-TEED affording equal protection from the snow and ice of the Arctic, and the sun and rain of the Tropics. It is literally "the roof of the world".

Making roofing is the General's chief business. He makes one-third of all the roll roofing made in America—thirty-nine other manufacturers make the balance. Such predominance is due to the General's ability to make the highest quality roofing at the lowest cost.

Every advantage that men, money, mills and machinery can offer is used to increase production, maintain quality and lower the cost. The result is that today CERTAIN-TEED, the world's best quality, costs less than inferior roofing cost ten years ago.

CERTAIN-TEED is made of the best quality roofing felt, thoroughly saturated with a scientific blend of soft asphalt, the formula of the General's board of expert chemists. It is then coated with a blend of harder asphalt, which keeps the inner saturation soft and prevents the drying-out process so destructive to ordinary roofing.

CERTAIN-TEED is guaranteed for 5, 10 or 15 years, according to ply (1, 2 or 3). Experience proves that it lasts longer.

CERTAIN-TEED is made in rolls; also in slate-sur-
faced shingles. There is a type of CERTAIN-TEED
for every kind of building, with flat or pitched roofs,
from the largest sky-scraper to the smallest residence or
out-building.

Certain-teed
Roofing

GENERAL ROOFING MANUFACTURING COMPANY

World's Largest Manufacturers of Roofing and Building Papers

New York City Chicago Philadelphia St. Louis Boston Cleveland Pittsburgh Detroit San Francisco Cincinnati New Orleans
Los Angeles Minneapolis Kansas City Seattle Indianapolis Atlanta Richmond Houston London Sydney

Because ordinary vegetables such as
potatoes, greens, lettuce, greenpeas
and beans, asparagus, and others,
and the ordinary fruits do not con-
tain much fat or protein, their value
in the child's diet is frequently un-
derestimated. These things, how-
ever, should be considered a neces-
sary part of the diet of the child for
the very important reason that they
furnish mineral and other materials
required to form bone and tissue as
well as to repair waste and supply
some energy. Green vegetables are
valuable particularly because they
contain iron in forms which the body
can utilize. Fruits contain a con-
siderable percentage of sugar, es-
pecially when they are dried, and
sugar is a quickly-absorbed fuel food.

As things eaten raw transmit dis-
ease germs, care should be taken to
wash vegetables and fruits thoroly
in several waters. Many fruits, es-
pecially those with skins, such as
oranges, bananas, and apples, may
be safely washed even with soap.
Dried fruits when washed and put
into an oven to dry absorb some of
the water, and thus are softened and
improved in taste.

5. Sweets and Desserts.—Sugar, as
has been said, is a quickly absorbed
fuel food and simple sweets have
their place in the diet of all chil-
dren. If not served between meals or
at times when they destroy the ap-
petite for other needed foods, there
is no objection to them. They may
be served in the form of cake not
rich enough to be classed as pastry,
cookies, sweet chocolate, simple can-
dy, honey, dried or preserved fruits,
mapple sugar, and loaf sugar. In gen-
eral, fruits, fresh, baked, or stewed,
or raw, and simple sweets are much
better desserts for children than
rich pastry which contains a large
amount of fat.

The following suggested menus
for the school lunch basket give the
child as nearly as is practicable in
such a meal, the proper proportions
of the different classes of foods:

For the Basket Lunch.

1. Sandwiches with sliced tender
meat for filling; baked apples, cookies
or a few lumps of sugar.
2. Slices of meat loaf or bean
loaf; bread-and-butter sandwiches;
steamed fruit; small frosted cake.
3. Crisp rolls, hollowed out and
filled with chopped meat or fish,
moistened and seasoned, or mixed
with salad dressing; orange, apple,
a mixture of sliced fruits, or ber-
ries; cake.
4. Lettuce or celery sandwiches;
cup custard; jelly sandwiches.
5. Cottage cheese and chopped
green-pepper sandwiches, or a pot
of cream cheese with bread-and-bu-
ter sandwiches; peanut sandwich-
es; fruit-cake.
6. Hard-boiled eggs; crisp baking-
powder biscuits; celery or radishes;
brown-sugar or maple-sugar sand-
wiches.
7. Bottle of milk; thin corn bread
and butter; dates; apple.
8. Raisin or nut bread with but-
ter; cheese; orange; mapple sugar.
9. Baked bean and lettuce sand-
wiches; apple sauce; sweet choco-
late.

The provision of a bottle of milk
is suggested in one of the menus, but
of course taking milk to school in
warm weather would be impracticable
unless means were provided for
keeping it chilled until it is con-
sumed.

The school lunch container, the
specialists point out, should permit
ventilation, exclude flies, and should
be of a material which permits thro-
washing in boiling water. If glasses,
paper cups or spoons are provided,
the child should be warned against
letting other children use them. The
child should be encouraged to wash
his hands before each meal, and for
this reason paper towels, paper nap-
kins or clean cloths should be pro-
vided. Food that does not require
ventilation should be carefully wrap-
ped in paraffin paper and the soft
or liquid foods should be packed
either in jelly glasses, screw-top jars,
or paper cups.

It is, of course, very good for the
child to have at least one warm dish
at noon—a vegetable milk soup, ve-
getable or fish chowder, meat and
vegetable stew, or a cup of cocoa.
These things are easily prepared on
ordinary stoves with ordinary uten-
sils in a school where interested
mothers or teachers agree to do the
cooking and serving and where
dishes and spoons are available. Al-
most any school, however, could by
cooperative arrangement with the
parents see that the children get a
cup of good milk at noon.

Soft fruits, such as berries, which
are difficult to carry in lunch bas-
kets, also might be prepared at
school. Where these dishes are pro-
vided at school (the meat or milk
dish and the fruit) the lunch basket
would omit the meat dishes, and
provide merely bread and butter or
crackers and cake.

**BRIDE ACCOMPANIES
EXPLORER TO WILDS OF CHINA.**

New York, March 20—The Asiatic
Expedition of the American Museum
of Natural History makes its start
from New York today, in charge of
Dr. Roy C. Andrews, who is taking
his darling bride, formerly Miss
Yvette Dorup, as official photographer
of the expedition. A third im-
portant member of the party is Ed-
mund Heller, a naturalist, who ac-
companied Roosevelt to Africa and
recently returned with the Yale ex-
pedition to Peru.

The party is going into Central
China, among tribes that are more
or less hostile to the Chinese gov-
ernment. No travel books have
been written of the region that will
be visited, and no naturalists have
ever visited the section they are
bound for. The explorers will go
first to Yokohama and thence to
Peking for passports. The first ex-
citement, will be the hunt for speci-
mens of the man-eating tigers that
are reported to abound at Fut Sing.
They will then travel to the head-
waters of the Si Kiang, and enter a
jungle where white men have seldom
ventured. The party will remain
fully a year in the jungle, gather-
ing specimens for the American Mu-
seum.

MANCHESTER.

Clarence Fox was up from White-
hall Thursday.

Ed and Roy Rousey were in White
Hall Thursday.

Ed Kousey and wife and baby
spent Thursday night in Murrayville.
Mrs. Norman Billings and son,
Curtis, went Friday to visit her par-
ents and other relatives near Murray-
ville until Sunday afternoon.

There will be preaching service in
the Christian church Saturday eve-
ning, Sunday 11 a. m. and 7:30 p. m.,
by W. W. Wharton of the Roodhouse
church.

Mrs. F. F. Clark spent Thursday
and Friday in Chapin with relatives.
Little Miss Helen Vanter, her niece,
accompanied her home for a stay.

Miss Lela Sloan, primary teacher,
went to her home in Carrollton Fri-
day at 4 p. m.

Mrs. E. G. Saye and son of Jack-
sonville came down Friday evening
to be with her mother, Mrs. J. C.
Andras and family until Sunday.

Mrs. Guy Brown returned Friday
from a visit in Winchester.
Miss Linde Blevins returns Sunday
to her duties in Jacksonville dry
goods store after a week's vacation
spent at home.

Mr. J. C. Hanna, state supervisor
of township high schools, spoke to
a good sized audience in the Baptist
church.

Mr. Palmer of Shurtleff college
will speak in the Baptist church Sun-
day night.

HAS GONE TO BLOOMINGTON.

Miss Laura Joylin, who has re-
cently been at the Emporium, has
gone to Bloomington, where she has
secured a position in the suit and
coat department of W. H. Roland's
Wootex store.

Mrs. John L. Johnson has returned
to her home in the city after an ab-
sence of some weeks spent with re-
latives at Collinsville.

**QUICK RELIEF FROM
CONSTIPATION**

Get Dr. Edwards'
Olive Tablets

That is the joyful cry of thousands since
Dr. Edwards produced Olive Tablets, the
substitute for calomel.

Dr. Edwards, a practicing physician for
17 years and calomel's old-time enemy,
discovered the formula for Olive Tablets
while treating patients for chronic con-
stipation and torpid livers.

Dr. Edwards' Olive Tablets do not con-
tain calomel, but a healing, soothing vege-
table laxative.
No gripping is the "keynote" of these lit-
tle sugar-coated, olive-colored tablets. They
cause the bowels and liver to act normally.
They never force them to unnatural action.
If you have a "dark brown mouth" now
and then—a bad breath—a dull, tired feel-
ing—sick headache—torpid liver and are
constipated, you'll find quick, sure and only
pleasant results from one or two little Dr.
Edwards' Olive Tablets at bedtime.
Thousands take one or two every night
just to keep right. Try them. 10c and 25c
per box. All druggists.
The Olive Tablet Company, Columbus, O.

DR. WILLIAM JAYNE DIED AT HOME IN SPRINGFIELD MONDAY

Deceased Was One of the Earliest Graduates of Illinois College and a Founder of Phi Alpha Society—Long Prominent in State Politics—Married Miss Wetherbee of this City.

Sadness will fill the heart of every member of the Phi Alpha society of Illinois college when he learns that Dr. Wm. Jayne of Springfield is dead. He had been in comparative good health until last January, when he suffered a fall on an icy sidewalk and never rallied from the effects of it, and passed away Monday at his home in the state capital, full of years, honored, beloved and respected.

Dr. Jayne was born in Springfield, Ill., Oct. 3, 1826 and it was his home the whole of his life. He prepared for college under private tutors and entered Illinois College in 1843 and graduated in 1847, with the degree of B. A. and afterward received the degree of M. A. It was not in graduating that he gained his greatest honors but as one of the founders of the Phi Alpha literary society of which he was the first and honored president. Memorable is the date, Sept. 25th, 1845 when seven young men met in Greenbury R. Henry's room and then and there decided to organize the Phi Alpha society. Since that time Dr. Jayne has occupied many positions of importance, territorial governor, pension agent, four times mayor of Springfield but how insignificant all these and the honors they carry with them when compared with the halo of glory that surrounds the head of him who first sat in the presidential chair of old Phi Alpha. State Senator in 1860.

Dr. Jayne graduated from the medical department of the Missouri state university in 1849 and began the practice of his profession in Springfield. He was a success as a physician but at the same time figured largely in public life. He was always a Republican in politics and in 1860 was elected state senator from the district composed of Morgan and Sangamon counties. He was an intimate friend of President Lincoln who later appointed him territorial governor of Dakota and he filled that responsible position with signal honor to himself and satisfaction to the people whose affairs he administered. He also served as congressional delegate from the same territory and looked well after the interests of his constituents.

In 1869 President Grant appointed him pension agent for Illinois and he held that position for a number of years and in it as in all others, served the people faithfully and well. He was four times elected mayor of Springfield, 1859, 1876, 1877 and 1882 and he discharged the duties of his office with ability and integrity.

Long a Bank Director. In business he took a prominent part and for more than forty years was a director of the First National bank of Springfield and for nine years served as vice president and up to the time of his injury last January he spent a part of nearly every weekday in the bank. He was also one of three commissioners appointed by Gov. Ogelsby to assist in supervising the completion of the state house, being selected on account of his well known ability and integrity.

For many years he has not been actively engaged in business but he has taken a keen interest in public affairs and in the management of the prominent financial institution of which he was such an important part.

In private life he was quiet and unostentatious, genial and affable and always fond of a joke that carried with it no sting. He never lost his love for his college society and was always cordial toward any of the members who would call on him in Springfield and many of them took occasion to do it. He was popular in the social and business circles of Springfield and he was always sought in enterprises of moment. When it was decided to establish a public library he was at once chosen one of the trustees and was a valued member of the board spending much time in advancing the interests of the enterprise. He was generous to a fault and his ear was ever open to the appeal of the needy and destitute and many a worthy person has been quietly aided by him in a manner known only to the recipient.

Married in Jacksonville. Oct. 1850 he was married in this city to Miss Julia Wetherbee, sister of the late Mrs. A. C. Wadsworth, and was the father of five children.

Well may it be said of the men who met that evening in 1845 to organize the Phi Alpha society, they built better than they knew for from that humble beginning, on that small foundation rose a superstructure whose influence cannot well be estimated. Baldwin, Van Eaton, Ross, Baldwin, Wright and Wilkinson are names linked with that of Jayne and stand out in glory undimmed. All lived to see the society celebrate its fortieth anniversary, Dr. Wright, the first secretary, an invalid, riding to the door of the hall and then being carried to the meeting.

The Phi Alpha Spirit.

The society was started somewhat as a protest to the tenets of the older one which had a number of restrictions thrown about its membership and these young men defied conventionalism and conservatism and struck out for bold manhood and independence. They began with and infused into the society that same spirit which has been with it ever since and will stay with it till the end. It was ever a great privilege for the founders to return to commencement and enjoy the reunions on which occasions they were so highly honored and to see the grand success attained by the organization. Time and again Major Van Eaton came up from Mississippi and others came long distances for the same purpose. For a long time their ranks were unbroken but finally the grim reaper entered and all but Dr. Jayne were called away and for many years he alone was left and now he has gone.

WANTED. RELIABLE BOY, ABOVE 16 YEARS OF AGE FOR DELIVERY. DESIRABLE PLACE TO THE RIGHT PERSON. J. HERMAN.

J. H. BALLARD WEDS VIRGINIA YOUNG WOMAN

Texas Paper Gives Details of Marriage of Young Man, Son of Former Resident.

Many of the older citizens of Jacksonville will remember B. Frank Ballard and his brother, John A. Ballard. Frank Ballard went from this city to Texas and married into the famous Houston family of that state. The following from the Florence, Tex., Chronicle Journal, tells of the marriage of John Houston Ballard, a son of Judge and Mrs. B. Frank Ballard.

"Mr. John Houston Ballard of Florenceville, and Miss Maude Bowman Ludwig of Strasburg, Va., were married at the home of the bride's sister, Mrs. George Sealy Cline at Falfurrias. Rev. J. W. Foulkrod, pastor of the First Baptist church of Falfurrias, spoke the solemn words that united these prominent young people. The bride is a daughter of a prominent family of Strasburg, Va., and is a popular member of the faculty of the Strasburg high school. She is a young lady of many charming graces and possesses that noble traits that southern womanhood always so cherished in the state of her birth. The groom is the only son of Judge and Mrs. B. F. Ballard of this city, one of the oldest and most highly esteemed families of Wilson county. He was reared and grew into young manhood here and was always looking upon one of our most promising boys. He is a deserving young man of sterling worth and has a legion of friends. For several years he has held a splendid position with Ed Lasater, the widely known Falfurrias capitalist."

FOR COMMISSIONER. I hereby announce myself as a candidate for re-election as road commissioner, road district No. 8. Election April 4.

Charles S. Magill.

I hereby announce myself a candidate for road commissioner in District Eight subject to the will of the voters April 4th.

Irwin Welborn.

Mr. and Mrs. J. W. Wright have returned from Winchester, where they attended the funeral of William Woodall.

"UNCLE" ROBERT SEYMOUR DIES - SUNDAY AT DAUGHTER'S HOME

Had Been Resident of Morgan County Since 1829—Known as One of County's Oldest Pioneers—Funeral Wednesday Morning.

"Uncle" Robert Seymour, one of Morgan County's oldest pioneer residents, passed away Sunday morning at 9:45 o'clock at the residence of his daughter, Mrs. A. D. Gibson, of the Durbin neighborhood, after an illness which for some weeks past had been of serious nature. Mr. Seymour was a man of steady integrity and strong character. At an early age he professed Christianity and for sixty-seven years he has been a steadfast member of Providence church.

Mr. Seymour was born May 20, 1827, in North Carolina and came with his parents, John and Sarah Seymour, at the age of two years to Morgan county. He has since made his home on the original homestead four and one-half miles southwest of Franklin.

Mr. Seymour leaves two brothers, George W. Seymour and Jarrett Seymour of Jacksonville. Three brothers, Jackson, Edward and Henry Seymour, have passed on, as have the three sisters, Mrs. Agnes Austin, Mrs. John Hutchinson and Mrs. Millie Woodmansee. Three daughters survive, Mrs. John Rawlings, Mrs. T. W. Deere and Mrs. A. D. Gibson. James Pullman Seymour, George W. Seymour and Mrs. James Rawlings preceded the father in death. There remain twenty grandchildren and twenty-nine great grandchildren. Mr. Seymour was twice married Feb. 22, 1849 to Miss Sallie Burch and later to Miss Mary Ella Wright, who died September 9, 1912. Mrs. Sallie Burch Seymour passed away March 7, 1872.

The funeral will be held at Providence church Wednesday morning at 10:30 in charge of Rev. F. A. McCarty, assisted by Rev. Wm. Keenan of Franklin. Interment will be made in Providence cemetery.

"FATHER AND SON" BANQUET TONIGHT AT THE Y. M. C. A.

One of the big events of recent months at the Jacksonville Y. M. C. A. will be the "Father and Son" banquet to be served this evening at 6:15 o'clock with forty boys and forty fathers in attendance. Mayor H. J. Rodgers, president of the association will be in attendance. Ladies of First Baptist church will serve the luncheon.

At noon today will be held the first of a series of "set-up" conferences, which with the exception of this evening, will continue through the week. K. A. Shumaker, state secretary and F. M. Deerkake, field secretary are in the city and will be at each conference. The object of the series is the standardization of the association methods and their comparison with the work in other associations of the state.

ANNOUNCEMENT.

I desire to announce that I have taken office rooms, numbers 3 and 4 with J. Marshall Miller in the Morrison Building on West State street for the practice of the law.

W. L. ARMSTRONG.

OPEN NEW PHARMACY.

Armstrong's East State street drug store was opened for business Saturday morning, with Elmer L. Snyder in charge. With an extensive stock of drugs and up-to-date specialties and with interior finishings of white thread, the store presents a most attractive appearance. Date of the formal opening will be announced within a short time.

MISS FRANCES' SCONCE WINNER OF WESLEY MATHER'S CONTEST

Student From Sidell is Awarded First Honor in Contest in Declaration at Illinois Woman's College—Miss Helen Butler is Second.

Miss Frances Sconce of Sidell, Ill., with the selection, "A Christmas Present for a Lady," was adjudged winner of first honors Monday night in the Wesley Mather's contest in declamation at Illinois Woman's college. Miss Helen Butler of this city was winner of second prize and Miss Lavina Jones of Ida Grove, Ia., was deemed worthy of honorable mention. The judges were Mrs. Stella Alkire of Virginia, Miss Mill-cent Rowe and Attorney Hugh Green.

The title of Miss Butler's reading was "The Ninety and Nine" and Miss Jones was "Without the Assistance of the Ladies' Aid." Miss Marian Jane Robinson spoke "Dicky and the Dancing School" and Miss Hazel Ingram appeared with "Sister Experience." "Threadneedle Street" was given by Miss Mamie Kennedy and "The Confessional" by Miss Frances Smith.

BAPTIST FUNERAL TODAY.

Brief services for Mrs. Dorothea Batz will be held this afternoon at 1:30 o'clock at the home of Fred L. Batz, 444 South Main street. More extended services will be held at 2 o'clock at Salem Evangelical Lutheran church.

VOLLEY BALL LEAGUE.

A Senior Volley ball league, to play each Monday night has been announced by H. A. Brewer, physical director of the Y. M. C. A. The games will be played in the gymnasium at 7:45 o'clock.

Ask any lady why she buys toilet goods here--she gets the best at fairest prices

We have always made toilet goods very much of a specialty in this store. The ladies of this town know this. They know that we can supply every popular advertised and demanded toilet article and preparation, and that we do not under any circumstances buy other than the newest and freshest goods, and that we never sell for more than the lowest market price, consistent with quality. Ask your lady friends, they will advise you as we do, to buy all your toilet goods here.

HOPPER'S

ONE HUNDRED TWENTY CONVERTS RESULT OF BAPTIST REVIVAL

Series Will Continue Sunday Nights Until Easter—Forty-seven Have Been Baptized.

Hopes of the most optimistic were surpassed Sunday evening when it was announced that the three week series of revival meetings at First Baptist church had resulted in a total of 120 converts. The accessions by baptism will number eighty and of this number forty-seven have been baptized. The fact that several of the converts have expressed a preference for other church bodies in the city emphasizes the wide extent to which the revival spirit has spread and the breadth of the evangelistic appeal made by the pastor, the Rev. Percy W. Stephens, assisted by a united congregation.

The series of meetings has closed the revival will continue on Sunday nights until Easter, it was announced by the pastor Sunday night. The chorus choir will continue its organization and Mrs. Lucy D. Kolp will have in charge the music.

At the opening of the evening service Rev. Mr. Stephens extended thanks to Mrs. Lottie Greenleaf for her work as organist, to Marie Mayer for supervision of the nursery, to Mrs. Richardson superintendent of the cradle roll, to L. B. Turner chairman of the ushers, to Dr. G. H. Kopperl chairman of the personal workers, and especially to Charles E. Allen for his work as soloist and director of music.

Following are the sermon topics from now until Easter Sunday:

Morning Sermon Subjects.
At the services at 10:45 Sunday mornings, Rev. Mr. Stephens will deliver a series of sermons on "From Egypt to Canaan." These sermons will be expository and will show how the journey of the Israelites illustrates the journey of the Christian. The topics will be in this order:

March 26—"Egypt—Servitude and Shelter."
April 2—"The Red Sea—Danger and Deliverance."
April 9—"The Wilderness—Sorrow and Sustenance."
April 16—"Kadesh Barnea—Doubt and Defeat."
April 23—"Canaan: A Risen Life—Conflict and Conquest."

Sunday Evening Sermons.
At the evening services commencing at 7:30 o'clock Mr. Stephens will deliver a series of sermons on "The Christian Life" as follows:

March 26—"What Is a Christian?" This topic will be preached on by special request.
April 2—"May a Christian Dance, Play Cards, Go to the Theater?"
April 9—"Are All Church Members Christians?"
April 16—"Reasons for Not Being a Christian."
April 23—"A special Easter baptismal service and musical program."

Rally for Converts.
A special rally for prayer, praise, testimony and good fellowship will be held on Wednesday evening at 7:30 o'clock. The special choir will sing and light refreshments will be served by the Pastor's Aid society. All young converts, with members and friends of the church, are invited. Mr. Stephens will speak briefly on the last division of the Red book.

John Moxon of South Clay Ave. has purchased a 1916 OVERLAND touring car of J. F. CLAUS OVERLAND CO.

EARL TAYLOR KEEPS COMING WITH LIQUOR
Earl Taylor was arrested by the night police force Monday evening as he unloaded from the South bound Chicago & Alton passenger train at the junction. The police also took in charge a suitcase containing twenty-four pints of whisky which was a part of Taylor's baggage. The officer was informed of Taylor's coming by someone in Ashland who telephoned that he was on the way with a cargo of spirits. Taylor was arrested under the ordinance which prohibits the bringing into the city of intoxicating liquor. He was taken to the police station where he gave bond for his appearance Tuesday, March 28.

SMOKE MOOSE 5c CIGARS.

RADIO CLUB ELECTS OFFICERS.
A meeting was held in the reading rooms of the Y. M. C. A. Monday afternoon when the Jacksonville Wireless Radio club was organized. The officers elected are:

President—John Martin.
Secretary—Clarence Siegfried.
Treasurer—William Floreth, Jr.
The president appointed Robert Priest and Dawson Darley as construction engineers and John Furry and Russell Pinkerton to draft rules and by-laws.

The charter members of the club are: William Floreth, Jr., Dawson Darley, Robert Priest, John Furry, Russell Pinkerton, Clarence Siegfried and John Martin. The next meeting of the club will be held Friday afternoon, March 25.

NOTICE TO INSURANCE COMPANIES.
The undersigned will receive sealed bids up to 10 a. m. Monday, March 27, for providing the city with indemnity insurance for all city employees. The council reserves the right to reject any and all bids.
R. L. Pyatt, City Clerk.

RESIGNS POSITION.
Dwight Kastrup has resigned his position as salesman with the Jenkins-Bode company and expects soon to begin work as operator at the C. & B. Q. station.

Edward Doocay, employed by the public utilities company at Beards-town, was in the city Monday en route from a visit with homefolk in Pittsfield.

YOUNG MEN'S BOOSTER CLUB WILL BE RE-ORGANIZED

Preliminary Plans Made Monday Night at a Meeting in the Rooms of the Chamber of Commerce.

The Young Men's Booster club will soon be a live and active organization if plans which were discussed at a meeting of members of the former boosters' organization on Monday evening in the rooms of the Chamber of Commerce are consummated. George W. Vasconcellos, the president, was in the chair and appointed a committee to make plans for a general meeting on Tuesday evening, March 28. The committee consisted of E. V. Bassett, L. T. Potter, Fred B. Hopper, Mr. Vasconcellos and H. Jay Rodgers.

That the spirit of the old booster club had not entirely died out was manifested last night by the high degree of enthusiasm with which the reorganization plans were greeted. Work has been already begun on a program of activities for the coming summer season and it is the earnest desire of the young men's booster committee that the organization may be completed with large enrollment.

Felix Sims of Sandusky St. has purchased a 1916 OVERLAND touring car of J. F. CLAUS OVERLAND CO.

GEORGE SEFER ARRESTED IN CHICAGO

George Sefer, a foreigner formerly employed in a section gang on the Burlington at Concord, was brought back from Chicago by Sheriff Graff yesterday morning. Sefer, while at work at Concord, is alleged to have broken into a freight car and taken some watches and lamps. He was arrested in Chicago on request of Sheriff Graff. Sefer is in jail here, where he will await trial at the May term of the circuit court.

SPECIAL NOTICE.

The Home Missionary Society of Grace church will meet today at 3 p. m. at Grace church, instead of meeting with Mrs. A. T. Capps on North Church street.

RETURN FROM VISIT.

Mr. and Mrs. Charles Williams returned Sunday evening from Peoria. Mr. Williams spent the day and Mrs. Williams had been a visitor there for several weeks. They were accompanied by Mrs. Emma Howard, a sister of Mrs. Williams.

Miss Ella Delaney of Chicago is visiting relatives and friends in the city.

REVIVAL SERIES AT CENTENARY WILL BEGIN NEXT SUNDAY

A series of evangelistic meetings will be held at Centenary M. E. church beginning Sunday evening, March 26, it was announced at the regular church services Sunday. The pastor, Rev. G. W. Plagge, will conduct the series. Professor Rex J. Moon will have charge of the music, with the assistance of Mrs. Moon. It is planned to organize and conduct a large chorus choir and this will be an especially attractive feature of the meetings.

Prof. Moon is at present conducting the singing at a meeting in Stonington, Ill.

\$25 REWARD.

Will be paid for information leading directly to the arrest and conviction of the person or persons guilty of stealing the chickens from the Ornellas sisters, R. 3, city.

CHAMBER OF COMMERCE A CLEARING HOUSE FOR DATES

Bureau of General Information to Be Maintained by Society.

In view of the many entertainments, conventions, athletic events and other meetings that are being planned for the coming months the secretary of your Chamber of Commerce has arranged to keep a calendar of events in the association office.

If every committee that is arranging activities of any kind will report their prospective dates to H. Jay Rodgers, the secretary, many conflicts of dates may be avoided.

If committees will keep in mind the service extended to them in this way and will assist the secretary by reporting dates promptly a bureau of information of real value can be maintained.

ANNOUNCEMENT.

I desire to announce that I have taken office rooms, numbers 3 and 4 with J. Marshall Miller in the Morrison Building on West State street for the practice of the law.

W. L. ARMSTRONG.

PROBATE COURT.

In the conservatorship of Minnie Orton Reed, the report filed by the Farmers State Bank & Trust company was approved.

In the estate of Levi V. Fallows, letters of administration were ordered to issue to Brack Fallows, with bond in the sum of \$600.

In the estate of Katherine Sieber, the petition for admission of will was allowed.

In the estate of Frances Brown, the inventory was approved.

HEARING ON STATE STREET PAVING WILL BE HELD TUESDAY, MARCH 28

Objections Filed Are Practically All Technical in Their Form and Allegations.

The public hearing before Judge Thomson in the county court on West State street paving was adjourned until Tuesday, March 28. The continuance was necessary on account of the illness of City Attorney John J. Reeve. Objections to the proposed pavement have been filed by Kirby, Wilson & Brookhouse on behalf of Mrs. Mary T. Carriel, Alden Brown, H. Edelbrock, Mrs. Belle S. Lambert, Mrs. Nettie Havenhill et al, Ensley Moore, W. C. Green, Alexander Smith, Miss Grace Carter, L. W. Chambers, George T. Wiswell, Rose C. Kennedy, C. L. French, Cornelia Epler and C. K. Rockwell. Objections were filed by Belatti, Belatti & Moriarty for the Jacksonville Railway and Light company. The objections filed are nearly all formal in character.

The individual property owners maintain that the notice of the hearing upon confirmation of the assessment was not in accordance with law and that there are differences in the figures between the notice given by W. B. Rogers, commissioner, and the ordinance filed. It is alleged that the ordinance is unreasonable and indefinite and that various proceedings before the board of local improvements did not comply with statutory requirement. It is said further that the records of local improvements do not contain as part thereof an estimate of the cost of the proposed improvement as required by law.

It is further maintained that the estimate attached to the petition filed is inaccurate and insufficient and other technical errors are also claimed. It is further declared that the ordinance is void in that it does not sufficiently describe the proposed improvement. Objection is also made to the amounts assessed against the property of the objectors on the theory that the cost will be greatly in excess of the benefits.

The objections filed on behalf of the light company include various technical points and sets forth that the assessment for the space between the rails and for eighteen inches on each side thereof is made without regard to benefits. It is said further that the city has no basis for such an assessment since the city is contending that the company is operating without a franchise and has no right in the streets.

HOUSE DRESSES WORTH \$1.50, ONLY 95 CENTS AT HERMAN'S.

REAL ESTATE TRANSFERS.

W. T. Dale to F. A. Wyle lot 7, Salter's second addition to Waverly, \$1.

ASK FOR MOOSE CIGARS.

AN INJURED ARM.

C. S. Black is carrying his left arm in a sling as a result of an attack of blood poisoning. Some days ago there was a slight eruption on his hand and after he had opened a swelling began until now his arm and hand are about twice the normal size. Dr. G. E. Baxter is attending him, and while the infection is causing him considerable annoyance, no serious results are anticipated.
